Report to Shareholders

Q3 2026 Sienna Senior Living Inc.

Cultivating happiness in daily life

Sienna
Senior Living

Letter from the **President & CEO**

Dear fellow shareholders,

With 15 consecutive quarters of same-property growth since 2023 and $1.2 billion in assets added since the beginning of 2025, Sienna has built considerable momentum, and we believe our growth journey is still in its early stages.

As the oldest baby boomers enter their 80s, the need for more seniors' housing, care and services is growing at a fast pace. Yet, according to a recent study*, new supply has not kept pace and 2026 is shaping up to be the fourth consecutive year of record-low construction starts in Canadian senior living.

This supply-demand imbalance underscores both the value of Sienna's existing portfolio and the important role we can play in helping address it. Through adding more services and care at existing retirement homes, strategic renovations and redeveloping our long-term care communities, we can serve more Canadian seniors while creating long-term value for our Company.

Sustaining Our Growth Momentum

During the third quarter, we continued to translate that opportunity into results. Year over year, same property net operating income ("NOI") increased by 11.6% in the retirement segment and by 6.2% in long-term care, or 11.5% when excluding retroactive items recognized in both years in the long-term care segment.

In our **retirement portfolio**, average same property occupancy reached 94.9% in Q3, and the momentum carried into the fourth quarter with monthly occupancy exceeding 95% in October.

As an increasing number of properties are reaching full occupancy, combined with the benefits of a larger platform, same property operating margins grew by 200 basis points year over year in Q3 2026.

Our **long-term care platform** benefited from higher private accommodation revenue and increased government funding. In Alberta, the government announced a funding increase of 7.2% in September.

This funding increase is a meaningful development for the senior living sector in Alberta and for Sienna's long-term care operations.

We are also seeing the benefits of our long-term care redevelopments, including our communities in North Bay and Brantford, which were completed in 2025, and our project in Keswick, which is under construction and expected to be completed in the second half of 2027.

Building on Scale

To date in 2026, Sienna has completed or entered into agreements for **seven acquisitions**, representing approximately **$433 million of assets.**

Our most recent acquisitions, a 305-suite retirement residence in Ottawa and a 165-suite retirement residence in Brighton, Ontario, reflect the quality and scale of the opportunities available to us. They highlight Sienna's strategy of expanding in attractive markets, adding modern assets that complement our operating platform.

We are also making **significant investments in our existing buildings** through major renovations to provide more care options and services, addressing the growing needs and changing preferences of seniors.

In addition, we are **accelerating Sienna's long-term care redevelopment program**, an important initiative that will help address the current supply-demand imbalance. A defining milestone was the formation of our **redevelopment partnership** with Fiera Infrastructure during the third quarter.

*Cushman & Wakefield Publication, September 2026

Letter from the **President & CEO**

Initially targeting approximately **$625 million of redevelopment projects**, the joint venture gives us added financial flexibility to accelerate our redevelopment program.

Our first two projects under consideration for the joint venture, Glen Rouge in Toronto and Streetsville in Mississauga, have an expected construction start in early 2027 and represent over 700 long-term care beds.

In addition, **we have land for nearly all of our remaining Class C redevelopments** in our pipeline, an important factor as we advance these projects.

Access to a Wide Range of Capital and Significant Liquidity

Our disciplined approach to managing Sienna's balance sheet continues to serve us well. We have been **thoughtful and deliberate in raising capital**, recognizing that periods of economic and market uncertainty can also create opportunities.

By maintaining a **strong balance sheet, significant liquidity and access to a wide range of capital**, we have preserved the flexibility to act when attractive opportunities emerge. This financial strength allows us to remain selective and deploy capital whenever we see a strong strategic fit and compelling returns.

Delivering Outstanding Resident Experience Starts with a Highly Engaged Team

We are equally focused on investing in the team members who bring Sienna's purpose of cultivating happiness to life and deliver exceptional experiences for residents every day.

High team member engagement has become one of Sienna's core strengths. According to the Company's latest engagement survey in September 2026, Sienna maintained its **high engagement score of 8.0** and achieved a **record survey participation of 90%**. This level of engagement also directly correlates with resident satisfaction, which has continually improved in recent years.

Long Runway for Growth

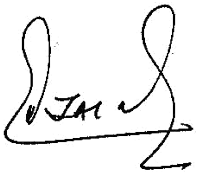

As we enter the final quarter of 2026, we are confirming our 2026 target of more than 10% same property NOI growth in our retirement segment, while increasing our long-term care same property NOI target for the second time this year, expecting growth in the high-single-digits. This reflects the segment's strong operating performance and the positive impact of recent government funding announcements.

Looking beyond 2026, we see a long runway for growth. Demand for senior housing and care is expected to rise significantly over the next two decades, while another year of limited new construction will constrain supply for longer than originally anticipated.

This is a particularly opportune time for Sienna. With growing demand, an established platform, the support of a highly engaged team and trusted partners, we will be able to serve a growing number of Canadian seniors in the years ahead, always with the vision of becoming the most trusted and most loved senior living provider in the country.

On behalf of everyone at Sienna, I extend our deepest gratitude for your continued support and trust.

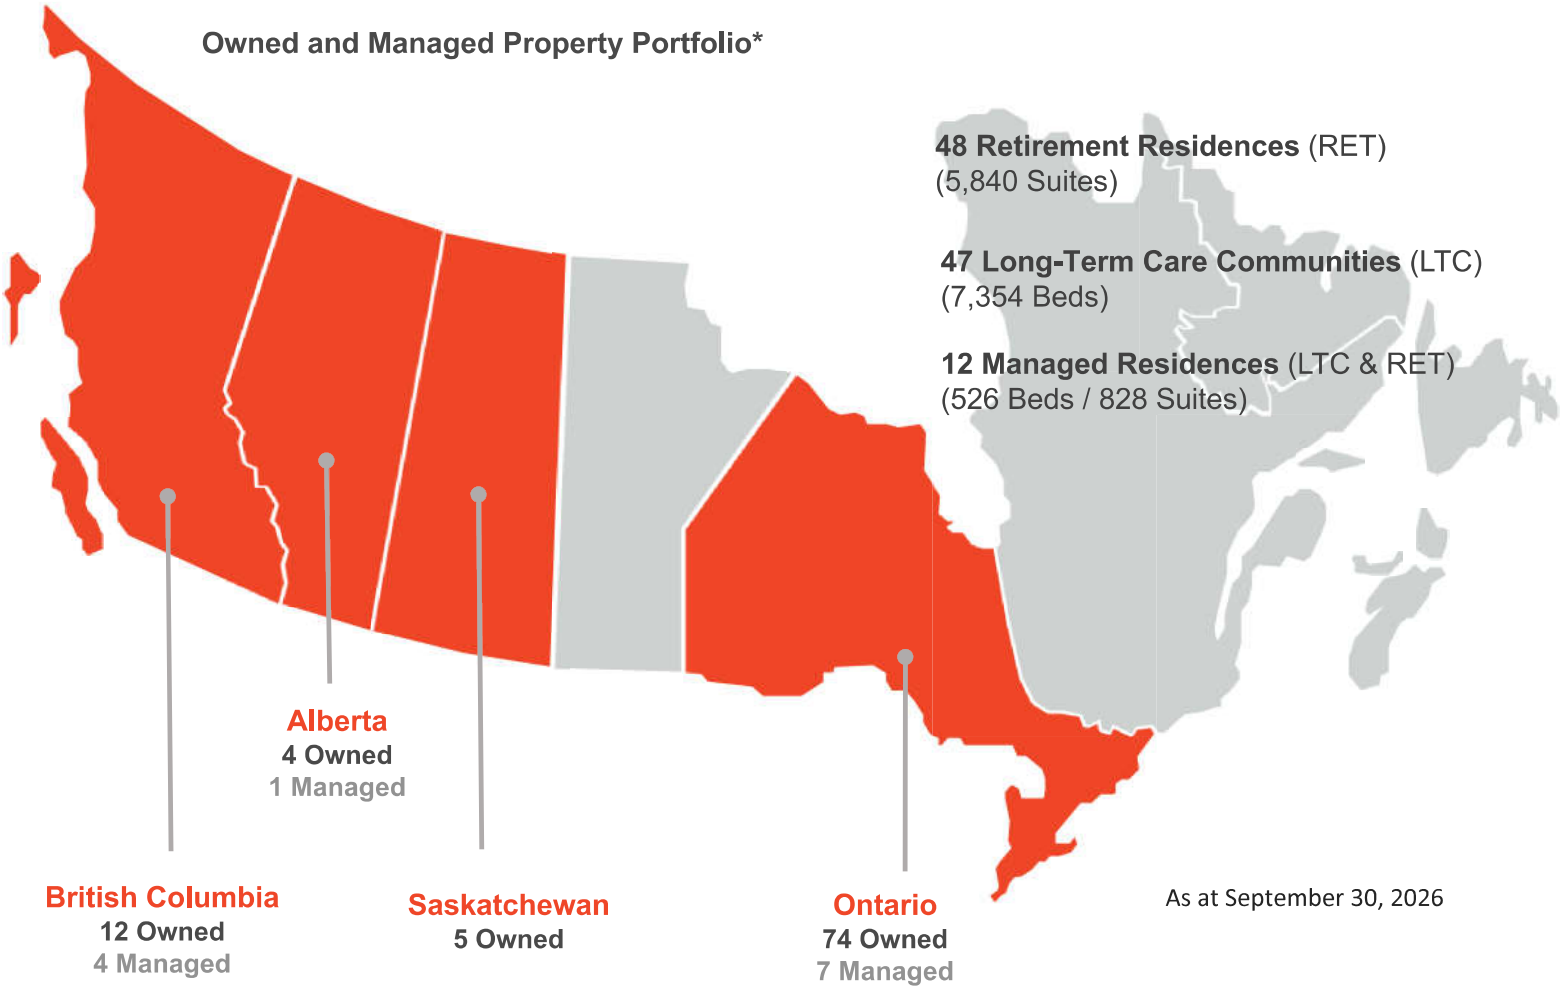

Sincerely,

Nitin Jain
President and Chief Executive Officer
Sienna Senior Living

Q3 2026 **Sienna at-a-Glance**

Sienna is one of Canada's leading owners and operators of seniors' residences with high quality assets in **Ontario**, **Saskatchewan**, **Alberta** and **British Columbia**.

*Sienna's portfolio includes 14 partially owned properties (9 in Ontario and 5 in Saskatchewan)

Basis of Presentation

The following Management's Discussion and Analysis ("**MD&A**") for Sienna Senior Living Inc. (the "**Company**" or "**Sienna**") provides a summary of the financial results for the three and nine months ended September 30, 2026. This MD&A should be read in conjunction with the Company's unaudited consolidated financial statements ("**consolidated financial statements**") for the three and nine months ended September 30, 2026. This material is available on the Company's website at www.siennaliving.ca.

All references to "**we**", "**our**", "**us**", "**Sienna**", or the "**Company**", unless otherwise indicated or the context otherwise requires, refer to Sienna Senior Living Inc. and its direct and indirect subsidiaries. For ease of reference, the "Company" is used in reference to the ownership and operation of senior living residences and its third party management business. Subsidiaries of the Company are the direct owners and operators of such residences.

Financial information has been prepared in accordance with IFRS® Accounting Standards as issued by the International Accounting Standards Board ("**IFRS Accounting Standards**"), except as otherwise indicated. In this document, "**Q1**" refers to the three-month period ended March 31; "**Q2**" refers to the three-month period ended June 30; "**Q3**" refers to the three-month period ended September 30; and "**Q4**" refers to the three-month period ended December 31.

In this MD&A, the Company also measures performance using certain additional measures that are not recognized under IFRS Accounting Standards and do not have standardized meanings prescribed by IFRS Accounting Standards. Refer to the "Non-GAAP Measures" section of this MD&A for a list of defined non-GAAP measures and key performance indicators (the "**Key Performance Indicators**" or "**KPI**").

With the exception of this MD&A's Business Update, Outlook and Corporate Impact sections, or unless otherwise stated, all dollar amounts referred to in this MD&A, including tabular amounts, are expressed in thousands of Canadian dollars.

This MD&A contains forward-looking information based on management's expectations, estimates and projections about the future results, performance, achievements, prospects or opportunities for Sienna and the senior living industry as of the date of this MD&A. Please refer to the "Forward-looking Statements" section and the "Risk Factors" section of this MD&A for more information.

Additional Information

Additional information relating to the Company, including its most current Annual Information Form ("**AIF**") can be found on the Company's website at www.siennaliving.ca, by accessing the Company's public filings on SEDAR+, or by contacting David Hung, the Company's Chief Financial Officer and Executive Vice President, Investments at 905-489-0258 or david.hung@siennaliving.ca.

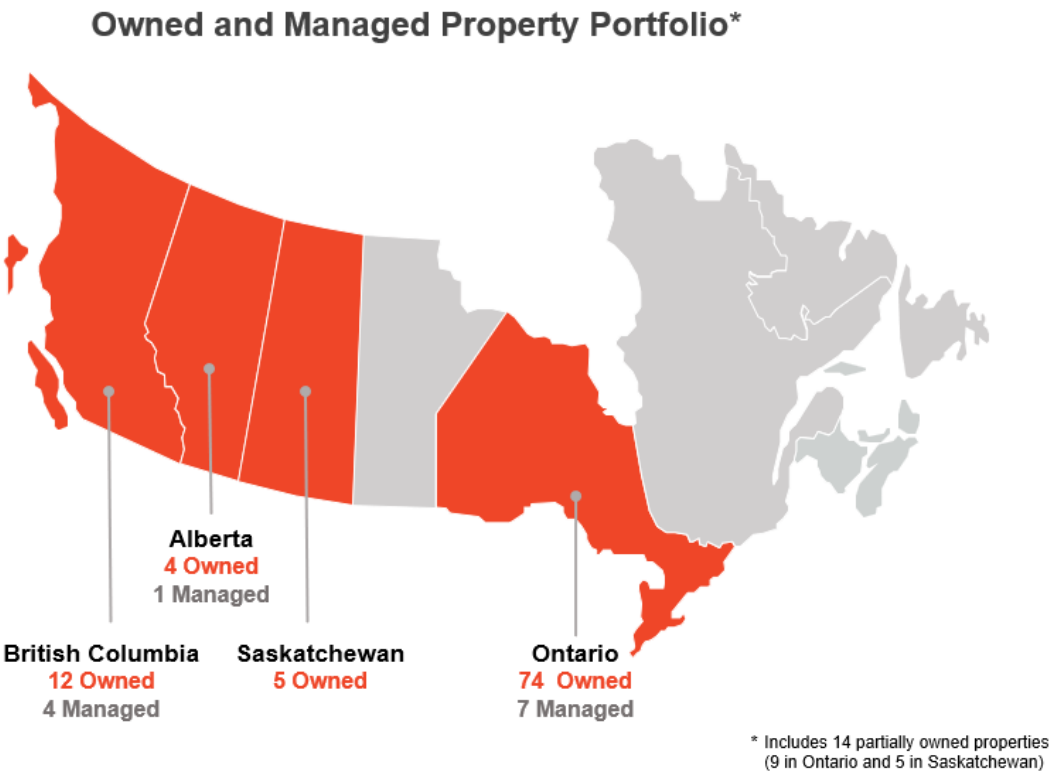

Review and Approval by the Board of Directors

This MD&A is dated as of November 12, 2026, the date this report was approved by the Board of Directors of the Company, and is based on information available to management of the Company as of that date.

Company Profile

The Company and its predecessors have been operating since 1972. Sienna is a senior living provider offering a broad range of living options and care services, from seniors' apartments and independent living ("**IL**") to independent supportive living ("**ISL**"), assisted living ("**AL**"), memory care ("**MC**") and long-term and continuing care ("**LTC**" or "**long-term care**") through the ownership and operation of senior living residences in the provinces of British Columbia, Alberta, Saskatchewan and Ontario.

The following map presents Sienna's geographic profile of owned and managed properties as of September 30, 2026:

The table below represents the number of suites or beds owned and operated or managed by the Company's two business segments, retirement and long-term care.

	Retirement		Long-term Care		Total [1]	
Owned Residences	**Residences**	**Suites**	**Residences**	**Beds [2]**	**Residences**	**Beds / Suites**
100% Owned - operating	34	4,333	47	7,354	81	11,687
Partially Owned - operating [3]	14	1,507	—	—	14	1,507
Total Owned	48	5,840	47	7,354	95	13,194
Managed Residences	9	828	3	526	12	1,354
Total	57	6,668	50	7,880	107	14,548

1. 78.9%, 13.3%, 3.6% and 4.2% of total beds/suites are located in Ontario, British Columbia, Saskatchewan and Alberta, respectively.
2. 180 of the LTC beds are privately funded and 1,733 (including approximately 300 3rd and 4th beds) of the total owned long-term care beds are class C beds.
3. We have a 50% ownership in 12 retirement residences (1,234 suites), a 70% ownership in one retirement residence (150 suites), and an 89.1% ownership in one retirement residence (123 suites) as at September 30, 2026.

The Company is traded on the Toronto Stock Exchange ("**TSX**") under the symbol "SIA". The Company's business is carried on through a number of wholly owned limited partnerships and joint ventures formed under the laws of the Province of Ontario.

As at November 12, 2026, the Company had 111,404,053 common shares outstanding.

Key Performance Indicators[1]

The following table represents the Key Performance Indicators ("**KPI**") for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,

Total [4]			8.7 %			12.0 %

1. The KPI table presents selected non-GAAP measures and KPIs for the periods ended September 30, except for administrative expenses, total assets and dividends declared, which are reported on an IFRS basis. Refer to the *Non-GAAP Measures* section in this MD&A for definitions and further details.
2. Excludes the unavailable 3rd and 4th beds in multi-bed rooms in Ontario that will not be reopened.
3. Calculated for the trailing twelve-month periods ended September 30, 2026 and September 30, 2025.
4. In Q3 2025, the Company recognized retroactive funding of $1,006 ($1,371 net of $365 taxes) relating to prior years. Excluding this item, OFFO and AFFO per share for the three months ended September 30, 2025 would each be lower by $0.011. For the nine months ended September 30, 2025, the Company recognized retroactive funding of $1,006 ($1,371 net of $365 taxes) and a WSIB refund of $1,334 ($1,817 net of $483 taxes), both relating to prior years. Excluding these items, OFFO and AFFO per share for nine months ended September 30, 2025, would each have been $0.026 lower.

For the nine months ended September 30, 2026, the Company recognized retroactive funding of $2,348 ($3,195 net of $847 taxes) and a WSIB refund of $256 ($348 net of $92 taxes), both relating to prior years. Excluding these items, OFFO and AFFO per share for nine months ended September 30, 2026, would each have been $0.024 lower.

The year-over-year change in Same Property NOI, excluding retroactive items in both years, for the three and nine months ended September 30, 2026 would have been as follows:

	Three months ended September 30, 2026	Nine months ended September 30, 2026
Retirement	11.6 %	13.4 %
LTC	11.5 %	10.8 %
Total	11.6 %	12.0 %

5. In Q2 2026, four long-term care communities in Alberta and Wildpine Retirement Residence in Ottawa, acquired on April 1, 2025 and April 15, 2025, respectively, were reclassified from the Growth Portfolio to the Same Property Portfolio after being held for one year. In addition, two redevelopments in North Bay and Brantford, which were completed in Q3 2025, were also reclassified from the Growth Portfolio to the Same Property Portfolio. In Q3 2026, Hazeldean Retirement Residence, acquired on June 17, 2025, was reclassified from the Growth Portfolio to the Same Property Portfolio after being held for one year.
6. As at September 30, 2026, the Company recognized a restructuring provision of $3,607 in connection with the planned redevelopment of its Streetsville and Glen Rouge LTC communities.
7. Net Debt to Adjusted EBITDA decreased to 5.8 times in Q3 2026, from 7.9 times in Q3 2025, mainly due to higher Adjusted EBITDA from acquisitions, as well as cash raised from the ATM Program, which was subsequently deployed to fund an acquisition announced in the quarter.

Third Quarter 2026 Summary

Sienna's third quarter results highlight the sustained growth of the Company, both in its operating results and continued platform expansion. Supported by the powerful demographics of an aging population and the benefits of a larger operating platform, Sienna's long-term care and retirement segments each delivered strong year-over-year NOI growth.

Sienna's Q3 results also reflect our commitment to preserving the Company's balance sheet strength and our selective, long-term view when evaluating growth opportunities.

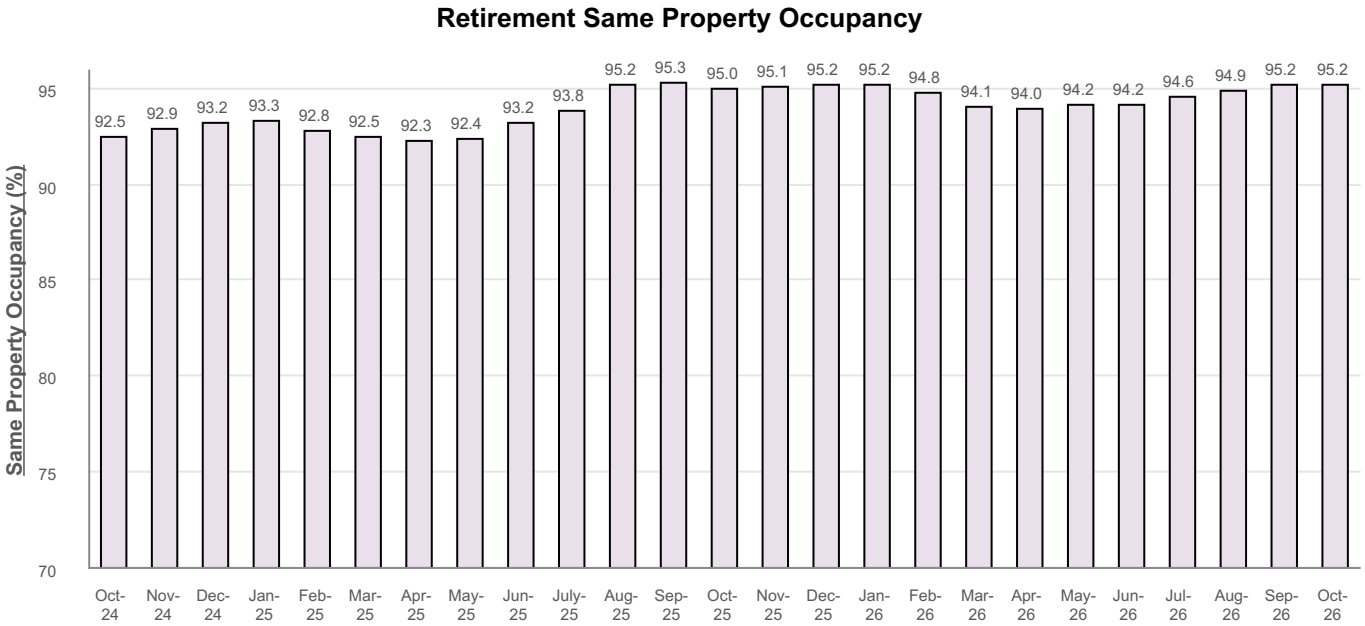

2026 Key Performance Indicators and Financial Highlights

In prior years, Sienna made reference to its operating results by excluding certain significant items, such as amounts related to prior years and retroactive funding, in order to enhance comparability and provide a clearer view of underlying operating performance.

As the frequency and magnitude of these items have declined, commencing in Q1 2026, Sienna has started to present and discuss its operating performance without excluding retroactive items from its KPIs, unless specifically noted.

Retirement Same Property Occupancy - Average Same Property occupancy in the retirement portfolio was 94.9% in Q3 2026, up 20 basis points ("**bps**") year-over-year from 94.7% in Q3 2025. Quarter-over-quarter, occupancy increased by increased by 80 bps from 94.1% in Q2 2026. Subsequent to the end of Q3 2026, average monthly occupancy was 95.2% in October.

The following chart shows the monthly average retirement Same Property occupancy over the past two years:

LTC Occupancy - Average occupancy in the LTC portfolio was 98.6% in Q3 2026, compared to 98.3% in Q3 2025.

Revenue, Proportionate Basis increased by 12.4% in Q3 2026, or $32,610, to $295,676, compared to Q3 2025.

In the retirement segment, the increase of $15,026, or 22%, compared to Q3 2025, was primarily attributable to rental rate increases, acquisitions, occupancy growth, as well as higher care and ancillary revenue.

In the LTC segment, the increase of $17,584, or 9.0%, compared to Q3 2025, was primarily due to acquisitions and developments, government funding increases, and higher private accommodation revenue.

Operating Expenses, Proportionate Basis increased by $22,502 in Q3 2026, or 10.8%, to $230,117, compared to Q3 2025. In the retirement segment, the increase was primarily driven by acquisitions, higher labour costs, increased food and maintenance expenses. In the LTC segment, the increase was mainly due to acquisitions and developments, wage enhancements and higher direct care labour, and repairs and maintenance expenses.

NOI increased by $10,108 in Q3 2026, or 18.2%, to $65,559, compared to Q3 2025. NOI increased by $7,539 in the retirement segment and by $2,569 in the LTC segment as a result of discussed revenue and operating expense changes.

Same Property NOI increased by 8.7% year-over-year, reflecting an 11.6% increase in the retirement segment and a 6.2% increase in the LTC segment. Q3 2025 included $1,371 of retroactive funding from the Government of British Columbia related to prior years. Excluding this item, Same Property NOI would have increased by 11.6%, driven by 11.6% growth in the retirement segment and 11.5% growth in the LTC segment.

OFFO increased by 21.2% in Q3 2026, or $6,962, to $39,786, compared to Q3 2025. The increase was primarily driven by higher NOI, offset partially by higher income tax expense and higher interest expense resulting from financing the Company's growth

initiatives and increased borrowing rates. OFFO per share increased by 1.4%, or $0.005, to $0.358 in Q3 2026, largely driven by higher OFFO, offset by the temporary dilutive impact of the ATM Program.

AFFO increased by 25.7%, or $7,381, to $36,092 in Q3 2026, compared to Q3 2025. The increase was primarily driven by higher OFFO and construction funding income received from the Government of Ontario for redevelopments completed in 2025. AFFO per share increased by 5.2% in Q3 2026 to $0.325, largely driven by higher AFFO, offset by the temporary dilutive impact of the ATM Program.

AFFO Payout Ratio lowered to 72.0% in Q3 2026 from 75.9% in Q3 2025, reflecting the Company's strong operating results, contributions from completed developments and accretive acquisitions, and the progressive deployment of capital to fund acquisitions.

Debt - Net Debt to Adjusted Gross Book Value was 34.5% at the end of Q3 2026, compared to 40.8% at the end of Q3 2025, primarily as a result of the Company's capital allocation strategy, including acquisitions and developments throughout 2025 and 2026, as well as equity raised from the Company's At-The-Market-Equity Distribution Program ("**ATM Program**"). Net Debt to Adjusted EBITDA decreased to 5.8 times in Q3 2026, from 7.9 times in Q3 2025, mainly driven by higher Adjusted EBITDA, as well as cash raised from the ATM Program, which was subsequently deployed to fund an acquisition announced in the quarter.

The Debt Service Coverage Ratio increased to 2.8 times in Q3 2026, compared to 2.4 times in Q3 2025, and the Interest Coverage Ratio increased to 3.7 times in Q3 2026, compared to 3.4 times in Q3 2025. The Weighted Average Cost of Debt was 3.9% at the end of Q3 2026, consistent with Q3 2025. The Weighted Average Term to Maturity decreased to 4.9 years in Q3 2026, from 6.0 years in Q3 2025. The Company is in compliance with all of its debt covenants.

Our debt is well distributed between unsecured debentures, credit facilities, construction loans, conventional mortgages and Canada Mortgage and Housing Corporation ("**CMHC**") insured mortgages.

Business Update

To date in 2026, Sienna has grown its platform by over $430 million through acquisitions. In addition, the Company announced two long-term care redevelopment projects in the Greater Toronto Area ("GTA") comprising more than 700 beds with expected construction starts in early 2027. To accelerate the redevelopment of the Sienna's long-term care portfolio, the Company formed a $625 million joint venture in August 2026.

Alongside these continued growth initiatives, Sienna delivered another quarter of strong organic growth, driven by continued operational improvements and the benefits of a larger operating platform.

Our strategy to scale Sienna's operations across the full continuum of care through acquisitions and redevelopments comes at a compelling time for the senior living sector. Retirement occupancy is reaching all-time highs amid limited new supply, while various provincial funding increases are helping to address funding gaps in long-term care.

Growth and Diversification Initiatives

Sienna maintains its strategy of growing its diversified portfolio of private-pay retirement residences and government-funded long-term care communities in Canada. Both platforms are deeply aligned with the Company's Purpose of Cultivating Happiness in Daily Life and based on our belief that happiness drives wellness.

With deep experience and scale in both retirement living and long-term care, the Company runs two distinct business lines, while taking advantage of the benefits inherent in shared services and scale.

Furthermore, our expertise in clinical care within Sienna's long-term care operations can be applied across our retirement platform, where an increasing number of residents require support with daily living and healthcare. By adapting to support seniors across a broader continuum of care, it allows them to stay with us longer.

At the same time, many hospitality elements that define our retirement platform can also be applied at our long-term care operations to further enhance the resident experience.

We believe that diversification adds to the financial strength of our business as it allows us to capture higher potential growth and operating margins inherent in our retirement portfolio, while benefitting from the stability of the government-funded long-term care operations.

Acquisitions Update

To date in 2026, the Company completed or has under contract seven acquisitions. The table below provides key information with respect to the acquisitions completed and under contract to date in 2026:

Property Name / Segment	Year Built	Location	Number of Beds/ Suites	Purchase Price ($M)[1]
Q1 2026				
Glenmore Lodge / LTC (22.8%)	2016	Kelowna, British Columbia	118	$ 10.1
LaSalle Park / Retirement (10.9%)	2013	Greater Toronto Area, Ontario	123	$ 9.3
				$ 19.4
Q2 2026				
The Bartlett / Retirement	2021	Greater Toronto Area, Ontario	129	$ 59.4
Rockland Manor / Retirement	2015	Greater Ottawa Area, Ontario	160	$ 41.0
Ballycliffe / LTC[2]	2025	Greater Toronto Area, Ontario	224	$ 68.3
				$ 168.7
Q3 2026				
Stonemont On The Park / Retirement[3]	2024	Ottawa, Ontario	305	$ 170.7
				170.7
Q4 2026				
Brighton Retirement & Active Living[4]	2024	Brighton, Ontario	165	$ 73.8
				73.8
Total 2026 Acquisitions (closed and under contract)				**$ 432.6**

1. Purchase price excludes working capital and other adjustments.
2. The Company entered into a purchase agreement and expects to complete the transaction in Q4 2026 or early Q1 2027.
3. The Company completed the acquisition on October 29, 2026.
4. The Company entered into a purchase agreement and expects to complete the transaction in Q4 2026.

*Acquisition of 22.8% interest in Glenmore Lodge Community ("**Glenmore Lodge**")*

On January 31, 2026, the Company completed its acquisition of the remaining 22.8% interest in Glenmore Lodge, a 118-bed long-term care community located in Kelowna, British Columbia, for a gross purchase price of approximately $10.1 million. With this transaction, Sienna's ownership increased to 100%.

The acquisition of the 22.8% interest was financed with approximately $5.8 million of cash on hand as well as the assumption of the remaining 22.8% of the existing property-level mortgage of approximately $4.3 million.

*Acquisition of 10.9% interest of LaSalle Park ("**LaSalle Park**")*

On February 1, 2026, the Company completed the acquisition of an additional 10.9% interest in LaSalle Park, a 123-suite retirement residence located in Burlington, Ontario, a suburb within the GTA. The 10.9% interest was acquired for approximately $9.3 million, increasing Sienna's ownership interest in the property to 89.1%.

The acquisition was financed with cash on hand as well as the assumption of 10.9% of the existing property-level mortgage, or approximately $3.7 million. Sienna expects to acquire the final 10.9% interest in the property in five years. Management of the property will remain with a third party for a period of five years.

*Acquisition of The Bartlett Retirement Residence ("**The Bartlett**")*

On April 1, 2026, the Company completed the acquisition of The Bartlett, a 129-suite independent living retirement residence in Oshawa, Ontario, located within the GTA. The property was acquired for approximately $59.4 million, excluding working capital adjustments.

The acquisition was financed through available cash on hand.

*Acquisition of Rockland Manor Retirement Residence ("**Rockland Manor**")*

On June 25, 2026, the Company completed the acquisition of Rockland Manor, a 160-suite retirement residence offering services ranging from independent living to memory care.

The property is located within the Greater Ottawa Area and was acquired for a gross purchase price of $41.0 million, excluding working capital adjustments.

The acquisition was financed through available cash on hand.

*Acquisition of Ballycliffe Long-Term Care Community ("**Ballycliffe**")*

On May 1, 2026, the Company entered into a purchase agreement to acquire Ballycliffe, a 224-bed newly built long-term care community in Ajax, Ontario, located within the GTA. The gross purchase price for the property, which opened in Q3 2025 and includes all rights to the asset's 25-year construction funding subsidy, is approximately $68.3 million.

The acquisition, which is subject to transaction approvals and customary closing conditions, is expected to close in Q4 2026 or early Q1 2027.

The Company intends to finance the acquisition with available cash on hand and its credit facilities.

*Acquisition of Stonemont On The Park ("**Stonemont**")*

On September 16, 2026, the Company entered into a purchase agreement to acquire Stonemont, a 305-suite newly built retirement residence in Ottawa, Ontario. The property opened in 2024 and is approximately 99% occupied.

The acquisition was completed on October 29, 2026, for a gross purchase price of approximately $170.7 million, and was financed with available cash on hand.

Capital Markets Update

At-The-Market Equity Distribution Program

On May 5, 2026, Sienna renewed its ATM Program, which allows the Company from time to time during favourable market conditions to issue up to $150 million of common shares to raise equity to fund its growth. The renewal followed the full utilization of the Company's previous $150 million ATM Program, which had been renewed on February 19, 2026. Any common shares sold under ATM Programs are distributed through the Toronto Stock Exchange or any other permitted marketplace at the market prices prevailing at the time of sale.

During Q3 2026, approximately 220,000 shares were issued under the ATM Program for gross proceeds of approximately $4.9 million at an average share price of $22.35 per share.

To date in 2026, a total of approximately 11.3 million shares were issued under the ATM Programs at an average share price of $22.46 per share for gross proceeds of approximately $253.1 million.

Morningstar DBRS Rating Confirmation

On July 23, 2026, Morningstar DBRS confirmed the Company’s BBB Issuer Rating and ratings on its Senior Unsecured Debentures, with trends remaining “Stable”. Maintaining a strong credit rating will continue to support Sienna's platform expansion and ability to access capital at attractive terms.

Development/Redevelopment Update in Ontario

Sienna's development projects are expected to have a positive impact on our operating results and support the Company's growth and renewal plans for its long-term care portfolio.

Significantly improved development fundamentals and our ability to source land are supporting the Company's redevelopment plans of its older long-term care portfolio in Ontario. Sienna has land for the majority of the Company's projects in its development pipeline.

In 2025, Sienna completed its first two redevelopment projects and currently has the following projects in various stages of construction:

Birch Landing Community

The Company started construction of the Birch Landing Community located in Keswick, Ontario, in October 2024. Located on a campus comprising a 130-suite retirement residence and an older 60-bed Class B long-term care home, Sienna is redeveloping the current long-term care home into a 160-bed community, adding 100 new beds.

As a result of site conditions, the expected completion date of the project was revised from Q1 2027 to the second half of 2027. At this time, net incremental costs with respect to the site conditions identified are not expected to be significant.

Glen Rouge Community

In February 2026, the Company announced that it anticipates to start the construction of a 448-bed redevelopment project at the site of Sienna's Glen Rouge Community in Toronto, Ontario. Construction is currently expected to begin in early 2027.

This redevelopment is expected to be completed in 2030 and will make a significant contribution to replacing Sienna's older Class C beds in addition to supporting the Company's AFFO growth, once completed.

The total project has an estimated development cost of approximately $250 million and an Expected Development Yield of approximately 8.0%.

Streetsville Community Redevelopment

On July 17, 2026, the Company announced that it anticipates to start the construction of a 256-bed redevelopment project at the site of its Streetsville Community in Mississauga, Ontario, located within the GTA.

We expect to start construction in the first quarter of 2027, further modernizing our platform. The redevelopment, which is subject to government approvals, is anticipated to be completed in late 2029 and will replace 118 existing beds in addition to adding 138 new beds.

The total project has an estimated development cost of approximately $125 million and the Expected Development Yield is approximately 8.0%.

Formation of Strategic Redevelopment Partnership

On August 4, 2026, the Company formed a joint venture relationship with Fiera Infrastructure through its Canadian Built Opportunities Fund (“CBOF”) to expedite Sienna’s long-term care redevelopment projects in Ontario. Fiera Infrastructure is a global infrastructure investment manager focused on essential infrastructure assets across the energy transition, digital infrastructure, transportation, and social infrastructure sectors, and a wholly owned subsidiary of Fiera Capital (TSX: FSZ).

The joint venture is initially targeting investments in redevelopment projects totalling approximately $625 million in aggregate construction costs, with the Company’s Glen Rouge and Streetsville Communities in the GTA being among the joint venture’s first projects currently under consideration, representing aggregate development costs of approximately $375 million.

Joint Venture Structure – Under the limited partnership joint venture (“JV”), Sienna and CBOF will each hold a 50% ownership interest in select redevelopment projects, subject to regulatory approvals and other conditions. CBOF will acquire a 50% interest in certain projects at the commencement of construction. These redevelopments will be financed through equal equity contributions from Sienna and CBOF, together with project-level debt financing. For each JV redevelopment project, Sienna will be the

development manager overseeing the construction of each project and the operating manager upon completion of the project on behalf of the JV.

Subsequent Events

*Acquisition of Brighton Retirement & Active Living ("**Brighton**")*

On October 8, 2026, the Company entered into a purchase agreement to acquire Brighton, a 165-suite newly built retirement residence in Brighton, Ontario. The property comprises 124 retirement suites which opened in 2024, and 41 seniors' apartments which opened in 2025.

The gross purchase price for Brighton is approximately $73.8 million, with the transaction expected to close in Q4 2026, subject to regulatory and customary closing conditions.

The Company intends to finance the acquisitions with available cash on hand and its credit facilities.

Renewal of ATM Program

On November 12, 2026, the Board of Directors approved the renewal of the ATM Program, which allows the Company to issue up to $150 million of common shares at its discretion to fund the Company's growth initiatives. Concurrently, the ATM Program approved in May 2026 was terminated.

Retirement Operations Update

As at September 30, 2026, the Company's owned retirement portfolio comprised 5,840 suites across Ontario, Saskatchewan and British Columbia and contributed approximately 52% to NOI in Q3 2026. Same Property NOI increased by 11.6% year-over-year compared to Q3 2025.

Average Same Property occupancy in the retirement portfolio was 94.9% in Q3 2026, up 20 basis points ("**bps**") year-over-year from 94.7% in Q3 2025. Quarter-over-quarter, occupancy increased by 80 bps from 94.1% compared to Q2 2026. This trend continued subsequent to the end of Q3 2026 with Same Property Occupancy reaching 95.2% in October.

Our robust sales platform and intensified focus on generating strong interest in our residences are reflected in the successful conversion of leads. In addition, our continued improvements to our operations and favourable supply/demand fundamentals supported the strong performance.

Year-over-year, Same Property NOI growth in Q3 2026 was driven by significant margin growth of approximately 200 bps as a result of rate and occupancy increases, in addition to higher care revenue.

Combined with our asset optimization initiatives, growing scale and disciplined cost management, we expect to drive continued margin expansion in the retirement segment.

Asset Optimization Initiatives

Sienna believes that there is a significant opportunity to create additional value in certain assets through initiatives that optimize occupancy, NOI and margins, and to ensure market competitiveness. These initiatives include interior renovations, changes in service offerings, and the addition of services to reflect the evolving needs of residents and market conditions.

Effective January 1, 2026, the Optimization Portfolio was updated to include six retirement residences undergoing near-term optimization. As optimization efforts continue, the portfolio is expected to make an ongoing contribution to Sienna's overall NOI growth.

The six assets in the Optimization Portfolio, together with two retirement residences currently in lease-up, as well as five retirement residences acquired since Q3 2025, were included in the "Growth and Optimization" portfolio of the Company.

The following table summarizes the assets in the Growth and Optimization portfolios in Q3 2026:

Portfolio Type	Number of Properties	Number of Suites	Q3 2026 Occupancy	Q3 2025 Occupancy
Optimization Portfolio	6	674	82.7 %	83.3 %
Growth Portfolio	7	1,054	81.0 %	60.9 %

Marketing and Sales Initiatives

Strong community engagement remains a key priority for Sienna's sales teams, with a keen focus on building and maintaining excellent relationships with healthcare and business partners in the local communities of our residences.

The marketing strategy continues to be strengthened with new digital and print campaigns. We also leverage and continually strengthen the Company's Aspira brand and signature programs to generate strong interest in our residences. In addition, we are focused on resident feedback to enhance the living experience, including dining, culinary, resident engagement and care.

In support of residences with higher vacancy levels, we also provide targeted on-site sales, marketing, and community outreach support, complementing our broader local and centralized marketing and sales initiatives.

In addition, Sienna continues its focus on localized social media campaigns.

Long-term Care Operations Update

In Q3 2026, Same Property NOI increased by 6.2% year-over-year in the Company's long-term care portfolio. Excluding retroactive items, Same Property NOI increased by 11.5%.

Higher contributions from private accommodations and government funding increases contributed to the significant year-over-year increase across Sienna's LTC platform.

Sienna's LTC NOI contributed approximately 48% to the Company's total NOI in Q3 2026.

Continued Improvements to LTC Platform

Circle Platform – The design of Sienna's operating platform called Circle is based on industry best practices. We continue to build on the Circle platform based on the input from residents and families, with the aim to distinguish Sienna as a LTC provider of choice. Sienna's Circle approach puts the resident at the centre of everything we do.

As part of our ongoing platform improvements, we have been exploring digital enhancements that can elevate the resident experience and safety, support our team members, and further improve the overall quality and consistency of care across our platform.

Accreditation – The Company's efforts of focusing on residents' quality of life and care are reflected in the most recent accreditation results from the Commission on Accreditation of Rehabilitation Facilities ("**CARF**") conducted at our long-term care communities in Ontario, British Columbia and Alberta.

Sienna earned the highest achievement status - *Aspire to Excellence* - and received a three-year award from CARF.

Government Funding and Policy Update

Ontario

Ontario funding increases – The Government of Ontario has announced an annual funding increase of 2.0%, effective April 1, 2026, including

- an approximate 2.0% increase in its flow-through funding, which covers the cost of care, nutritional support and programs provided to residents; and
- a 2.0% increase in Other Accommodations ("**OA**") funding. OA funding includes funding for dietary services, housekeeping, laundry services, building/ property operations, routine capital maintenance, interest and principal payments on debt, and income taxes.

Funding for 3rd and 4th beds in multi-bed rooms – In April 2026, the Ministry announced that the Company will continue to receive 100% OA funding for its unoccupied 3rd and 4th beds until March 31, 2027. Subsequently, funding is expected to gradually decline to 70%, 50% and 25% over the following three years, before ending by March 31, 2030, subject to the Company achieving necessary redevelopment milestones. Sienna currently has approximately 300 3rd and 4th beds in Ontario.

The dialogue is ongoing with the Ministry in terms of future funding of these beds, many of which are expected to be re-opened in private and semi-private rooms as the Company redevelops its Class C portfolio.

Renovation Program for LTC Homes – In June 2026, the Ministry announced a renovation program for long-term care operators who are unable to undertake traditional redevelopment under the 2025 Long-Term Care Home Capital Funding Policy. Under this new program, approved operators will receive capital funding to renovate an existing LTC home or a vacant building suitable to be converted to a LTC home.

To date, Sienna has submitted proposals for a number of homes within its Ontario long-term care portfolio that may be suitable for participation.

Alberta

Alberta Funding Increase – In March 2026, Assisted Living Alberta ("**ALA**") revised its previously announced funding increase from 1.25% to 7.25%, effective as of April 1, 2025.

In September 2026, ALA announced another funding increase of approximately 7.2% for the subsequent year, effective retroactively as of April 1, 2026.

These back-to-back funding increases are meaningful developments for the senior living sector in Alberta and for Sienna's long-term care operations.

British Columbia

Retroactive Government Funding – The British Columbia Ministry of Health has provided retroactive funding for incremental costs associated with historical cost pressures, including $1.2 million recognized in Q2 2026 primarily related to 2025.

Labour Relations Update – Pursuant to the agreement between the British Columbia Ministry of Health, the Health Employers Association of British Columbia ("**HEABC**") and the Facilities Bargaining Association, eligible care home operators will be required to become members of HEABC. This includes evaluating any potential implications with respect to the government's wage-levelling program, which aligns wages for workers in private, government-funded, and contracted long-term care and assisted living homes with those in public sector collective agreements.

Team Member Update

Sienna is committed to building and sustaining an engaged, high-performing workforce that brings the Company's purpose, vision and values to life every day.

Our continued investments in our team members and culture have resulted in sustained improvements in team member engagement and retention and the significant reduction of agency staffing, further strengthening our employer brand and supporting Sienna's platform expansion.

2026 marked another record year of team member engagement, with a Company-wide engagement score of 8.0 and 90% of all team members participating in Sienna's most recent survey.

Continued Reduction in Agency Staffing

Sienna's continued progress in filling shifts with its own team members, together with low turnover, has significantly reduced the Company's reliance on external agency staffing. At $1.1 million in Q3 2026, agency costs declined from $2.1 million in Q3 2025 and now represent an immaterial portion of the Company's overall labour costs.

Improved Onboarding Process

We have made improvements to our onboarding process, including enhancements to team member orientation, mentoring and a more streamlined pre-boarding process across our LTC communities. A key aspect of these changes is an enhanced multi-day orientation program for Executive Directors, personal support workers and clinical leaders. Improved onboarding and team member orientation contributed to the continued reduction in turnover.

Campus Recruitment Campaigns

As part of our ongoing talent acquisition strategy, we continually expand our collaboration with educational and government institutions to ensure a talent pipeline for future staffing needs. Our collaboration with colleges and universities has resulted in more than 1,700 student placements during the first nine months of 2026.

During the year, Sienna has expanded and diversified placements, supporting a broader range of students. In addition, the Company has increased its student alumni

engagement, focusing on students who have previously completed placements at Sienna.

Sienna Internship & Corporate Co-op Programs

2026 marked the start of Sienna's internship program, with the goal of developing the next generation of leaders by providing meaningful experiences to summer interns as they complete their post-secondary education and take the next steps in their careers.

Building on the success of the internship program, Sienna has launched a corporate co-op program for post-secondary students, further strengthening the Company's investment in student talent.

SPARK

Based on feedback from Sienna's engagement surveys, team members seek opportunities to share their ideas. As a result, Sienna created SPARK, a program that allows team members to share ideas on how the Company can grow, improve and fulfil its purpose of Cultivating Happiness in Daily Life. A number of the submitted ideas are piloted annually with the most outstanding being rewarded with cash prizes of up to $15,000.

During the most recent round of submissions, 148 ideas were submitted, with a team member grief support program earning the top prize.

Sienna Ownership and Reward Program

The Sienna Ownership and Reward Program ("**SOAR**") awards common shares of the Company to all permanent employees who have been with the Company for one year or longer. In addition, Sienna's "SOAR for Service" program awards team members additional shares at significant service milestones throughout their tenure.

To date, shares worth approximately $6.4 million have been awarded to approximately 14,300 team members, including more than 3,000 team members who received shares as part of Sienna's SOAR for Service program.

Team Member Engagement

In September 2026, Sienna conducted its most recent annual team member engagement survey. Feedback from these surveys allows Sienna to build and implement action plans that help strengthen our culture, improve engagement and enhance the team member experience.

Over the past five years, team member engagement rose from 7.1 in 2021 to 8.0 in 2026, demonstrating the positive impact of our ongoing efforts to foster a more engaged and connected workplace. In addition, during that time, the survey participation increased from 62% to 90%, reaching the highest participation rate in the Company's history.

Sienna's continued focus on enhancing team member engagement, retention and the reduction of agency staffing has contributed to the significant improvement of our business operations.

Resident Experience

Resident & Family Satisfaction Surveys

At both our retirement residences and long-term care communities, we measure our residents' likelihood to promote our residences and communities based on the internationally recognized net promoter score method ("**NPS**").

We had strong engagement with respect to our platform-wide NPS surveys to date, with excellent participation from our residents. An in-depth analysis of the survey results has provided important insights on what it takes to improve our residents' happiness in daily life. It also helps us identify areas for improvement and prioritize operational changes.

Since its introduction in 2023, we have seen notable improvements in the results across both operating platforms. Across our retirement and long-term care platforms, the NPS continued to improve in 2026, reaching 55 and 54, respectively, during the first nine months of 2026, compared to 48 and 39 in 2025.

These strong results and positive trend in resident satisfaction directly correlate with the continued improvement in team member engagement.

SPARKLE

Aligned with Sienna's purpose and values, we introduced the Sienna Sparkle Award, which honours residents from both our retirement and long-term care homes who go above and beyond to help cultivate

happiness and create community. Nominations can be made by team members, residents and family members. Since its launch in 2024, over 170 residents have been honoured as Sparkle Award recipients.

Outlook

Long-term fundamentals in Canadian senior living are underpinned by growing demand, with seniors making up the fastest-growing demographic, and limited new supply of senior living accommodations.

Looking ahead, Sienna will continue to leverage these sector dynamics as we grow through portfolio optimization, and drive continued retirement NOI and margin growth.

In addition, the increasing scale of our operations, our ability to identify and execute on strategic transactions and the acceleration of our long-term care redevelopment program are positioning us well to sustain our growth momentum.

Retirement Operations

Our focus on generating strong interest in our residences, as well as continued improvements to our operations and favourable supply/demand fundamentals, supported the year-over-year occupancy and margin improvements. Same Property operating margins increased by approximately 200 bps year-over-year in Q3 2026.

Going forward, we will continue to focus on expanding the Company's NOI with concentrated marketing and sales initiatives, operational efficiency and asset optimization efforts. We expect Same Property NOI growth in our retirement portfolio to exceed 10% in 2026 as a result of the segment's occupancy growth, rate increases and higher care revenue.

Asset Optimization Initiatives

Sienna believes that there is a significant opportunity to create value through asset optimization initiatives at certain properties. These initiatives target a better market fit and include renovations, changes in suite mix, additional services or the alternative use of a property to reflect the evolving needs of residents. By optimizing our existing portfolio, we expect to unlock substantial NOI growth while modernizing Sienna's asset base.

With average occupancy of 82.7% in Q3 2026, the six assets currently undergoing optimization offer significant upside potential as these initiatives are expected to drive occupancy gains and margin expansion.

In addition to the Company's assets currently undergoing optimization, Sienna continues to evaluate strategic capital investments in well-performing properties to enhance their long-term growth potential, strengthen market positioning, and support sustained NOI and margin expansion.

Long-Term Care Operations

Sienna's LTC platform is benefitting from government funding increases, higher revenue from private accommodation, in addition to a growing platform.

Excluding retroactive items, we expect the year-over-year increase of our 2026 LTC Same Property NOI for the full year to be in the high-single-digit percentage range, representing an increase from our previous target in the mid- to high-single-digit percentage range.

Growth Targets

The following table summarizes Sienna's 2026 key target for Same Property growth, excluding One-Time Items:

Segment	Performance Indicator	Target
Retirement	2026 Occupancy	~95%
Retirement	2026 Margin Growth (YoY)	150 - 200 bps
Retirement	2026 NOI Growth (YoY)	10%+
LTC	2026 NOI Growth (YoY)	High-single-digit %

Developments

The Company has been actively developing its portfolio, with a particular focus on modernizing its older Class C long-term care homes.

In Q3 2025, the Company completed the construction of its development projects in North Bay and Brantford on time and below budget. In addition, Sienna currently has three redevelopment projects under various stages of construction or pre-construction, as outlined in the table below.

The following table summarizes development projects currently under construction or advanced stages of pre-construction:

Projects	Property Type	Estimated Completion	Number of Beds	Development Costs ($M)[1]	Development Grant ($M)	Annual Construction Subsidy ($M)[2]	Development Yield[1]
Keswick	LTC	H2 2027	160	87	8.2	3.5	8.5 %
Project Under Construction in 2026			**160**	**87**	**8.2**	**3.5**	
Glen Rouge	LTC	2030	448	250	37.9	10.4	8.0 %
Streetsville	LTC	2029	256	125	18.3	5.0	8.0 %
Projects with 2027 Construction Start			**704**	**375**	**56.2**	**15.4**	
Total			**864**	**462**	**64.4**	**18.9**	

1. Development Costs and Development Yield are estimates and may change.
2. Total amount receivable each year over a period of 25 years.

Impact of New Construction Funding Program

In 2025, the Ontario government announced a new construction funding program, providing greater funding flexibility and addressing regional differences in construction costs, in particular with respect to higher building costs in the GTA.

Improvements include the funding of up to 85% of eligible development costs, including a higher upfront grant of up to 20%. With over 80% of our development pipeline located in the GTA, we were encouraged by the significant funding improvement.

As a result, we expect to start the construction of a 448-bed redevelopment project at the site of Sienna's Glen Rouge Community in Toronto, Ontario, replacing 363 beds and adding 85 new beds and a 256-bed redevelopment project of Sienna's Streetsville Community replacing 118 existing beds and adding 138 new beds. The Company is currently working on transition plans, and expects to start construction at these projects in early 2027.

Sienna's long-term care redevelopment pipeline, including the Glen Rouge and Streetsville redevelopments, comprises over 1,300 beds in the GTA and over 300 beds in other regions across Ontario. Significantly improved development fundamentals and our ability to source land, including in Toronto and the GTA, are supporting Sienna's redevelopment plans.

Formation of Strategic Redevelopment Joint Venture

On August 4, 2026, Sienna formed a joint venture relationship with Fiera Infrastructure to expedite the Company's long-term care redevelopment projects in Ontario.

The joint venture is initially targeting investments in redevelopment projects totalling approximately $625 million, with the Company's Glen Rouge and Streetsville Communities in the GTA being among the joint venture's first projects currently under consideration.

Given the significant capital requirements for long-term care developments, the joint venture will allow Sienna to execute more projects over a shorter period of time and diversify the Company's development risks.

Capitalizing on long-term fundamentals

We intend to capitalize on the outstanding long-term fundamentals in Canadian senior living and our business. We will continue to focus on adding value to our operating platforms by making ongoing improvements to resident experience and team member engagement, as well as our asset optimization initiatives.

In addition to the Company's assets undergoing optimization, Sienna continues to evaluate strategic capital investment opportunities in well-performing properties to enhance their long-term growth potential, strengthen market positioning, and support sustained NOI and margin expansion.

Further to our ongoing initiatives to generate occupancy improvements and rental rate increases in our retirement segment, we will also remain focused on cost management by creating operational efficiencies and by minimizing our reliance on agency staffing.

Combined, these initiatives will support our operating margins and put us in a strong position to take advantage of the favourable supply and demand fundamentals across our key markets.

Significant Potential for Growth in NOI

We see significant growth potential in our business over the next several years and are actively working on a number of initiatives which may contribute to the Company's NOI expansion including:

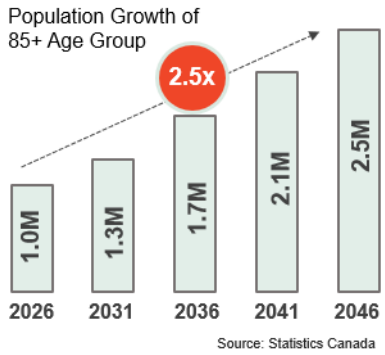

- **Contributions from the Company's continued organic growth** as a result of ongoing enhancements to Sienna's existing property portfolio and its operational performance, as well as the benefits of synergies of a larger platform;
- **Contributions from the Company's acquisitions** completed and under contract since the beginning of 2025, including 15 properties in Ontario, Alberta and British Columbia, as well as the increase in Sienna's ownership interest in three properties;
- **Contributions from the Company's developments** in North Bay and Brantford, two projects which were completed in Q3 2025, and redevelopment projects in various stages of development, including in the GTA and in Keswick; and
- **Contributions from the Company's asset optimization initiatives**, including from its six assets in Sienna's Optimization Portfolio.

These initiatives are having a significant positive impact on the value of Sienna's business and enhance its financial performance.

Industry Update

Demand for senior living is driven by an aging population. According to Statistics Canada's latest available census data, the cohort of seniors aged 85 and older is expected to more than double in the next 15 years from approximately one million in 2026 to approximately 2.1 million by 2041. This number is projected to further increase to approximately 2.5 million by 2046. In Canada, more than one quarter of the population aged 85 and older lives in some form of congregate care setting, such as a long-term care or retirement residence.

The following chart highlights the projected population growth of seniors aged 85 or older in Canada:

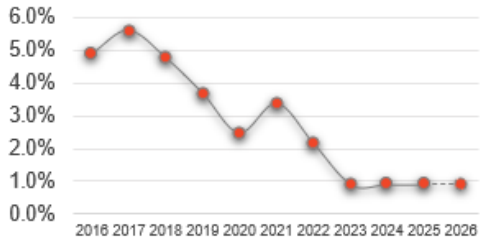

Slowing Supply of Retirement Residences

Due to a combination of factors including rising construction costs, new construction activity of retirement residences in Canada has declined significantly in recent years.

While development prior to the pandemic caused some headwinds in several regions across the country due to

oversupply, slowing development activity since 2017 is resulting in less competition from newly completed developments and continues to support occupancy growth in Canadian senior living.

The following chart highlights construction starts as percent of the total seniors' housing inventory in Canada:

Source: Cushman & Wakefield ULC

Robust Fundamentals in Sienna's Key LTC Markets

Demand for long-term care beds is higher than ever, with long waitlists and increasing pressure on hospital systems. In Ontario, the waitlist has doubled over the last 10 years and has surpassed 50,000 according to the Ontario Long-Term Care Association ("**OLTCA**"). Similarly, there is strong demand for LTC beds in British Columbia and continuing care spaces in Alberta.

Barriers to Entry

The senior living sector in Canada continues to be fragmented and highly regulated, with various barriers to entry. The sector is regulated by provincial governments and regional health authorities, with growing and varied obligations placed on operators. Additionally, the sector requires an increasingly complex level of specialized expertise and a solid operating platform in order to succeed in meeting regulatory requirements and providing positive resident and family experiences. All LTC and retirement residences require an approved licensed operator.

Company Strategy and Objectives

Sienna's strategic objectives are centered around the following three pillars:

Strengthening Team Engagement

Sienna strives to recruit, retain and develop a high performing and engaged team and reduce voluntary turnover by:

Offering a compelling team experience

- Conduct team member engagement surveys to gain insights and identify opportunities to enhance team member experience;
- Introduce training programs for new and developing frontline managers;
- Offer learning and development growth to support orientation, onboarding and enhancements to operating platforms; and
- Increase talent pipeline in leadership roles.

Creating a purpose-driven, differentiated culture

- Align employer brand with Company's purpose, vision, values and value proposition; and
- Implement and maintain initiatives, such as team member recognition programs and education with respect to the Company's values, aimed at building a purpose-driven culture.

Elevating Quality of Life of Residents

Sienna aims to elevate the quality of life of its residents by:

Offering outstanding resident experience

- Enhance dining, recreation and community-focused interactions;
- Broadening services across the continuum of care, including seniors' apartments and enhanced care services that support residents in aging in place.
- Improve quality of care by leveraging insights from quality indicators, clinical reviews and inspection reports; and
- Collaborate with all levels of government, sector associations, regulatory authorities and others to

help shape and improve the future of senior living in Canada.

Achieving operational excellence

- Invest in Sienna's team culture and operating platform to deliver quality resident experiences;
- Create operating efficiencies by streamlining processes to enhance resident experience and improve operating results; and
- Distinguish retirement product and services from competitors through the Company's Aspira platform, building a distinct brand value proposition and offering person-centred programs, dining, services and care.

Achieving Growth & Enhanced Performance

Outperforming the market

- Grow organically through investments in sales and marketing programs, supporting improved occupancy, expanded services, rental rate increases and focused cost management;
- Grow through asset optimization initiatives, including renovations, repositioning and intensification;
- Maintain a diversified portfolio of private-pay retirement residences and government-funded long-term care communities; and
- Maintain a strong balance sheet and liquidity, including a diversified debt portfolio with staggered debt maturities, an investment-grade credit rating and a sizable pool of unencumbered assets.

Growing the Company's footprint

- Redevelop older LTC communities in key Ontario markets with both new and upgraded facilities;
- Establish and deepen joint venture partnerships to provide additional avenues for growth; and
- Expanding in current and new markets through strategic and disciplined acquisitions, developments, as well as growing capacity at existing retirement residences with excess land.

Corporate Impact

Sienna's impact on its team members, its residents and the local communities is highlighted in the Company's most recent Impact Report published on August 4, 2026.

For more information on Sienna's far-reaching impact, please refer to the Corporate Impact section on Sienna's website under https://siennaliving.ca/corporate-impact.

Sustainability practices across Sienna's operations have long been integrated into our overall strategy and daily business practices and are reflected in our actions and initiatives, each of which affect the quality of life and well-being of our residents, their families and our team members.

Our Purpose, Vision & Values

Our Purpose

Cultivating happiness in daily life - Each of our actions and initiatives affects our residents' quality of life and well-being, while also impacting our team members and the communities we serve across the country. This is at the heart of what we do and is reflected in Sienna's purpose. It conveys our belief that our role does not stop at providing our residents with the highest quality of service and care - it goes much further. Each and every day, we will strive to bring happiness into our residents' lives by enabling our team to put their passion for their work into action and supporting families to bring joy into our homes.

Our Vision is to be:

Canada's most trusted and most loved senior living provider - In retirement and long-term care, we are committed to helping residents discover happiness in a comfortable, home-like setting. Consistently doing this supports Sienna's vision to be Canada's most trusted and most loved senior living provider. With this vision, we strive to meet the needs and expectations of our residents, families, team members and the communities we serve.

Our Values:

Act positively: We inspire happiness and hope in the people around us

Be accountable: We do what we say we will and work as a team to get things done

Create community: We foster strong relationships and celebrate diversity

Demonstrate caring: We are passionate about what we do and engage with empathy and understanding

Building a Strong Team

Sienna Ownership and Reward Program

SOAR was launched to recognize the compassion, effort and dedication that team members bring to Sienna's residents and communities every day. Through this ownership and reward program, team members are further invested in making Sienna a leader in seniors' quality of life and at the same time, have the opportunity to meaningfully invest in the Company and in their future.

SOAR awards common shares of the Company to all permanent employees who have been with the Company for one year or longer. Effective January 1, 2025, SOAR has been expanded from what was originally a one-time award. Through the expanded "SOAR for Service" program, team members are awarded additional shares at significant service milestones throughout their tenure at Sienna.

Since the start of SOAR, shares worth $6.4 million have been awarded to approximately 14,300 recipients.

Labour Relations and Union Representation

Labour rights are an important consideration with respect to Sienna's human capital management strategies. Sienna's labour strategy is focused on educating management teams at our local communities, cultivating strong relationships with union stakeholders and aligning our collective agreements to our long-term operational strategies.

Second Consecutive Year of Being Named by Time Magazine as one of Canada's Best Companies in 2026

Sienna's recognition by Time Magazine as one of Canada's Best Companies in 2026 for the second year in a row is the result of high team member satisfaction, strong growth and robust sustainability practices. It reflects the passion of our team members who bring Sienna's Purpose to life every day.

Women Lead Here

In March 2026, Sienna was recognized for the sixth consecutive year in The Globe and Mail's Women Lead Here benchmark with over 70% of the Company's senior leadership positions being held by women.

Giving Back to the Community

*Sienna for Seniors Foundation ("**Foundation**")*

The Foundation was formed in 2021 as part of Sienna's ongoing commitment to support the communities it serves across Canada. It allows us to raise funds and make donations to a variety of important seniors-related initiatives. Sienna relies on team members from across Canada to identify charities doing impactful work in their communities.

The Foundation receives support from external partners, strengthening its ability to support seniors' charities in the communities it serves. To date, the Foundation has distributed $1.3 million in grants to charities, universities and community partners across the country.

In 2025, Sienna was able to significantly expand the reach of the Foundation as a result of record support from both business partners and team members, and was able to pledge its support to a growing number of impactful programs across Canada.

One of the Foundation's significant milestones was the groundbreaking partnership with Ontario Tech University and launch of The Sienna Senior Living Research Centre for Healthy Aging and Happiness through the Foundation's $1.0 million donation.

The Foundation is also funding education through post-secondary scholarships at Ontario Tech University, York University and the University of British Columbia.

By supporting education, Sienna is helping to build a stronger, more sustainable workforce that can meet the needs of an aging population.

Improving Sienna's Environmental Footprint

Addressing Climate Change through Development

Our retrofitting and redevelopment initiatives are an opportunity to address climate change in both the Company's existing properties and the development portfolio as we adopt environmentally-friendly designs and install energy-efficient features, all with the goal of significantly reducing the environmental footprint of these homes.

The development plans include energy-efficient heating and cooling systems, LED lighting, updated energy-efficient windows and fixtures, and waste management systems to reduce landfill waste.

In late 2025, the Company was awarded the 2025 Energy Efficiency Leadership Award from the BC Care Providers Association for its initiatives toward energy savings.

Operating Results

The following table represents the operating results for the periods ended September 30, prepared in accordance with IFRS Accounting Standards:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change

Revenue

The following table reconciles revenue from our financial statements to revenue on a proportionate basis:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Revenue, GAAP basis						
Long-term care	**213,028**	195,444	17,584	**632,250**	573,734	58,516
Retirement	**71,349**	57,250	14,099	**204,616**	156,959	47,657
	284,377	252,694	31,683	**836,866**	730,693	106,173
Share of revenue from Equity-Accounted Joint Ventures						
Long-term care	**—**	—	—	**—**	—	—
Retirement	**11,299**	10,372	927	**33,304**	29,983	3,321
	11,299	10,372	927	**33,304**	29,983	3,321
Revenue, Proportionate Basis						
Long-term care [1]	**213,028**	195,444	17,584	**632,250**	573,734	58,516
Retirement	**82,648**	67,622	15,026	**237,920**	186,942	50,978
	295,676	263,066	32,610	**870,170**	760,676	109,494

1. For the three and nine months ended September 30, 2026, includes retroactive funding related to 2025 of $nil and $3,195, respectively (2025 - $1,371 and $1,371, respectively) and a WSIB refund related to prior years of $nil and $348, respectively (2025 - $nil and $2,159, respectively) in the LTC segment.

Third Quarter 2026

On a year-over-year basis, Revenue for Q3 2026 increased by $31,683 to $284,377, and Revenue, Proportionate Basis for Q3 2026 increased by $32,610 to $295,676. The increase was primarily due to acquisitions and developments completed throughout 2025 and 2026, higher LTC funding and private accommodation revenue, and continued occupancy growth, rental rate increases and higher care revenue in the retirement segment.

Nine months ended September 30, 2026

Revenue for the nine months ended September 30, 2026, increased by $106,173 to $836,866, compared to the nine months ended September 30, 2025. Revenue, Proportionate Basis, for the nine months ended September 30, 2026, increased by $109,494 to $870,170, compared to the nine months ended September 30, 2025. The increase was primarily driven by acquisitions and developments completed throughout 2025 and 2026, increased LTC funding and private accommodation revenue, and occupancy growth, rental rate increases and higher care revenue in the retirement segment.

Operating Expenses

The following table reconciles operating expenses from our financial statements to operating expenses on a proportionate basis:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Operating expenses, GAAP basis						
Long-term care	**181,717**	166,702	15,015	**537,824**	493,076	44,748
Retirement	**41,383**	34,246	7,137	**121,773**	95,877	25,896
	223,100	200,948	22,152	**659,597**	588,953	70,644
Share of operating expenses from Equity-Accounted Joint Ventures						
Long-term care	**—**	—	—	**—**	—	—
Retirement	**7,017**	6,667	350	**20,974**	19,764	1,210
	7,017	6,667	350	**20,974**	19,764	1,210
Operating Expenses, Proportionate Basis						
Long-term care	**181,717**	166,702	15,015	**537,824**	493,076	44,748
Retirement [1]	**48,400**	40,913	7,487	**142,747**	115,641	27,106
	230,117	207,615	22,502	**680,571**	608,717	71,854

1. For the nine months ended September 30, 2025, includes a net WSIB expense of $342, related to prior years in the retirement segment.

Third Quarter 2026

Operating expenses for Q3 2026 increased by $22,152 to $223,100, compared to Q3 2025. Operating Expenses, Proportionate Basis for Q3 2026 increased by $22,502 to $230,117, compared to Q3 2025. The increase was mainly attributable to costs from acquisitions and developments completed throughout 2025 and 2026, increased direct care labour and repair and maintenance expenses, along with other inflationary pressures.

Nine months ended September 30, 2026

Operating expenses for the nine months ended September 30, 2026, increased by $70,644 to $659,597, compared to the nine months ended September 30 2025. Operating expenses, Proportionate Basis, for the nine months ended September 30, 2026, increased by $71,854 to $680,571, compared to the nine months ended September 30 2025. The increase was mainly attributable to costs from acquisitions and developments completed throughout 2025 and 2026, higher direct care and labour costs, increased repair and maintenance expenses, and other inflationary pressures.

Net Operating Income

The following table presents NOI as defined in "Non-GAAP Measures" section.

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
NOI						
Long-term care [1]	**31,311**	28,742	2,569	**94,426**	80,658	13,768
Retirement [2]	**34,248**	26,709	7,539	**95,173**	71,301	23,872
	65,559	55,451	10,108	**189,599**	151,959	37,640

1. For the three and nine months ended September 30, 2026, includes retroactive funding related to 2025 of $nil and $3,195, respectively (2025 - $1,371 and $1,371, respectively). For the three and nine months ended September 30, 2026, includes a WSIB refund of $nil and $348, respectively (2025 - $nil and $2,159, respectively) related to prior years in the LTC segment.
2. For the nine months ended September 30, 2025, includes a net WSIB expense of $342, related to prior years in the retirement segment.

Our business comprises two core segments: retirement and long-term care, with the retirement segment generating approximately 52% and the long-term care segment generating approximately 48% of the Company's NOI in Q3 2026.

For the nine months ended September 30, 2026, the retirement and long-term care segment each generated approximately 50% of the Company's NOI.

Net Operating Income by Portfolio

The following table presents Revenue, Operating Expenses and NOI, on a proportionate basis, by Same Property, Growth Portfolio, and Optimization Portfolio, for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Same Property						
Revenue, Proportionate Basis [1]	**269,080**	254,075	15,005	**773,112**	735,674	37,438

Revenue, Proportionate Basis	**7,129**	6,790	339	**21,465**	20,313	1,152
Operating Expenses, Proportionate Basis	**(5,248)**	(5,064)	(184)	**(15,527)**	(14,999)	(528)
Optimization portfolio NOI	**1,881**	1,726	155	**5,938**	5,314	624
Total						
Revenue, Proportionate Basis [1]	**295,676**	263,066	32,610	**870,170**	760,676	109,494
Operating Expenses, Proportionate Basis [2]	**(230,117)**	(207,615)	(22,502)	**(680,571)**	(608,717)	(71,854)
Total NOI	**65,559**	55,451	10,108	**189,599**	151,959	37,640

1. For the three and nine months ended September 30, 2026, includes retroactive funding related to 2025 of $nil and $3,195, respectively (2025 - $1,371 and $1,371, respectively). For the three and nine months ended September 30, 2026, includes a WSIB refund of $nil and $348, respectively (2025 - $nil and $2,159, respectively) related to prior years in the LTC segment.
2. For the nine months ended September 30, 2025, includes a net WSIB expense of $342, related to prior years in the retirement segment.

Third Quarter 2026

The Company's Same Property NOI for Q3 2026 increased by $4,618, or 8.7%, to $57,812, compared to Q3 2025, driven by sustained growth and strong operating performance in both lines of business. The Company's Growth Portfolio NOI for Q3 2026 increased by $5,335 to $5,866, mainly due to acquisitions and developments completed in 2025 and 2026. The Company's Optimization Portfolio NOI for Q3 2026 increased by $155, or 9.0%, to $1,881, driven by continued progress on asset optimization initiatives across the retirement portfolio. Refer to the detailed discussion below for segment operating results.

Nine months ended September 30, 2026

For the nine months ended September 30, 2026, the Company's Same Property NOI increased by $17,422, or 12.0%, to $162,835, compared to the nine months ended September 30, 2025, attributable to strong operational performance across both lines of business. The Company's Growth Portfolio NOI increased by $19,594 to $20,826, compared to the nine months ended September 30, 2025, primarily due to acquisitions and completed developments in 2025 and 2026. Optimization Portfolio NOI increased by $624, or 11.7%, to $5,938, compared to the nine months ended September 30, 2025. Refer to the detailed discussion below for segment operating results.

Retirement

The following table represents the results of the retirement segment for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Same Property						
Revenue, Proportionate Basis	**62,432**	58,596	3,836	**174,884**	161,905	12,979

Optimization Portfolio NOI	**1,881**	1,726	155	**5,938**	5,314	624
Total						
Revenue, Proportionate Basis	**82,648**	67,622	15,026	**237,920**	186,942	50,978
Operating Expenses, Proportionate Basis [1]	**(48,400)**	(40,913)	(7,487)	**(142,747)**	(115,641)	(27,106)
Total retirement NOI [1]	**34,248**	26,709	7,539	**95,173**	71,301	23,872

1. For the nine months ended September 30, 2025, includes a net WSIB expense of $342, related to prior years.
2. In Q2 2026, the Wildpine Residence, acquired on April 15, 2025, was reclassified from the Growth Portfolio to the Same Property Portfolio after being held for one year. In Q3 2026, the Hazeldean Residence, acquired on June 17, 2025, was reclassified from the Growth Portfolio to the Same Property Portfolio after being held for one year.

Third Quarter 2026

Retirement's Same Property Revenue, Proportionate Basis for Q3 2026 increased by $3,836 to $62,432, compared to Q3 2025, primarily attributable to occupancy growth, rental rate increases, and higher care revenue. Same Property Operating Expenses, Proportionate Basis for Q3 2026 increased by $1,008 to $35,187, compared to Q3 2025, primarily driven by higher labour, food and maintenance expenses. Same Property NOI for Q3 2026 increased by $2,828 to $27,245, compared to Q3 2025, as a result of the changes in Same Property revenue and operating expenses discussed above.

Retirement's Growth Portfolio Revenue, Proportionate Basis for Q3 2026 increased by $10,851 to $13,087, compared to Q3 2025, while Operating Expenses, Proportionate Basis increased by $6,295 to $7,965, compared to Q3 2025. These increases were primarily driven by the acquisitions completed in 2025 and 2026.

Retirement's Optimization Portfolio Revenue, Proportionate Basis for Q3 2026 increased by $339 to $7,129, compared to Q3 2025, driven primarily by rental rate increases and higher care revenue. Optimization Portfolio Operating Expenses, Proportionate Basis for Q3 2026, increased by $184 to $5,248, compared to Q3 2025, driven primarily by higher labour costs.

Nine months ended September 30, 2026

Retirement's Same Property Revenue, Proportionate Basis for the nine months ended September 30, 2026, increased by $12,979 to $174,884, compared to the nine months ended September 30, 2025, primarily attributable to occupancy growth, rental rate increases and higher care and ancillary revenue.

Same Property Operating Expenses, Proportionate Basis for the nine months ended September 30, 2026, increased by $3,904 to $101,089, compared to the nine months ended September 30, 2025, primarily attributable to higher labour, food, and repairs and maintenance expenses.

Same Property NOI for the nine months ended September 30, 2026, increased by $9,075 to $73,795, compared to the nine months ended September 30, 2025, as a result of the changes in Same Property revenue and operating expenses discussed above.

Retirement's Growth Portfolio Revenue, Proportionate Basis for the nine months ended September 30, 2026, increased by $36,847 to $41,571, compared to the nine months ended September 30, 2025, while Operating Expenses, Proportionate Basis increased by $22,674 to $26,131, compared to the nine months ended September 30, 2025, primarily reflecting acquisitions completed in 2025 and 2026.

Retirement's Optimization Portfolio Revenue, Proportionate Basis for the nine months ended September 30, 2026 increased by $1,152 to $21,465, compared to the nine months ended September 30, 2025, driven primarily by higher occupancy of the optimization assets. Operating Expenses, Proportionate Basis for the nine months ended September 30, 2026 increased by $528 to $15,527, compared to the nine months ended September 30, 2025, driven primarily by higher labour costs.

Long-term Care

The following table represents the results of the LTC segment for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change

Total long-term care NOI [1]	**31,311**	28,742	2,569	**94,426**	80,658	13,768

1. For the three and nine months ended September 30, 2026, includes retroactive funding related to 2025 of $ nil and $3,195, respectively (2025 - $1,371 and $1,371, respectively). For the three and nine months ended September 30, 2026, includes a WSIB refund related to prior years of $ nil and $348 (2025 - $ nil and $2,159).
2. In Q2 2026, the Alberta portfolio, acquired on April 1, 2025, was reclassified from the Growth Portfolio to the Same Property Portfolio after being held for one year. In addition, two residences in North Bay and Brantford, which were completed in Q3 2025, were also reclassified from the Growth Portfolio to the Same Property Portfolio.

Third Quarter 2026

LTC's Same Property Revenue, Proportionate Basis for Q3 2026 increased by $11,169 to $206,648, compared to Q3 2025, primarily due to higher flow-through funding for direct care, higher care funding, increased private revenue and higher revenue from completed redevelopments.

LTC's Same Property Operating Expenses, Proportionate Basis for Q3 2026 increased by $9,379 to $176,081, compared to Q3 2025, primarily due to higher labour costs, costs associated with redevelopment sites, and higher repairs and maintenance expenses. LTC's Same Property NOI for Q3 2026 increased by $1,790 to $30,567, compared to Q3 2025, as a result of the changes in Same Property revenue and operating expenses discussed above.

In Q3 2026, Alberta acquisition completed in 2025 contributed $744 to LTC's Growth Portfolio NOI, driven

by $6,380 in revenues and $5,636 in operating expenses.

Nine months ended September 30, 2026

LTC's Same Property Revenue, Proportionate Basis for the nine months ended September 30, 2026, increased by $24,459 to $598,228, compared to the nine months ended September 30 2025, primarily due to higher flow-through funding for direct care, increased private revenue, contributions from redevelopment sites and the additional 22.8% interest in Glenmore Lodge, and $3,195 of retroactive funding recognized related to the prior year.

LTC's Same Property Operating Expenses, Proportionate Basis for the nine months ended September 30, 2026, increased by $16,112 to $509,188, compared to the nine months ended September 30, 2025, primarily due to higher labour costs, costs associated with redevelopments and an additional 22.8% interest in Glenmore Lodge, as well as repairs and maintenance expenses.

LTC's Same Property NOI for the nine months ended September 30, 2026, increased by $8,347 to $89,040, compared to the nine months ended September 30 2025, as a result of the changes in Same Property revenue and operating expenses discussed above.

For the nine months ended September 30, 2026, the acquisitions and developments completed in 2025 contributed $5,386 to LTC's Growth Portfolio NOI, driven by $34,022 in revenues and $28,636 in operating expenses.

Administrative Expenses

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
General and administrative expenses	**8,638**	7,815	823	**26,164**	23,657	2,507
SOAR program	**549**	—	549	**1,386**	1,044	342
Restructuring costs	**3,607**	—	3,607	**3,607**	—	3,607
Share-based compensation	**995**	1,440	(445)	**4,168**	4,669	(501)
Total administrative expenses	**13,789**	9,255	4,534	**35,325**	29,370	5,955

Third Quarter 2026

Administrative expenses for Q3 2026 increased by $4,534 to $13,789, compared to Q3 2025, primarily due to increases in wages and benefits driven by inflationary pressure and resources to support growth initiatives, and $3,607 restructuring costs in connection with the planned redevelopment of our Streetsville and Glen Rouge LTC communities, offset partially by decreases in share-based compensation expenses primarily due to changes in Sienna's stock price during the quarter.

Nine months ended September 30, 2026

Administrative expenses for the nine months ended September 30, 2026, increased by $5,955 to $35,325, compared to nine months ended September 30 2025, primarily due to increases in wages and benefits driven by inflationary adjustments, resources to support growth initiatives, and $3,607 of restructuring costs related to the planned redevelopment of our Streetsville and Glen Rouge LTC communities, offset partially by decreases in share-based compensation expenses primarily due to changes in Sienna's stock price during the period.

Depreciation and Amortization

Third Quarter 2026

Depreciation and amortization for Q3 2026 increased by $4,597 to $20,417, compared to Q3 2025, primarily due to higher amortization on building, furniture and fixtures, computer hardware and resident relationships as a result of acquisitions in 2025 and 2026.

Nine months ended September 30, 2026

Depreciation and amortization for the nine months ended September 30, 2026, increased by $19,314 to $61,614, compared to nine months ended September 30, 2025, primarily due to higher amortization on building, furniture and fixtures, computer hardware, resident relationships and computer software as a result of acquisitions in 2025 and 2026.

Share of Net Income/Loss in Joint Ventures

Third Quarter 2026

The Company's share of net income in joint ventures relates to Sienna-Sabra LP and Sienna-RSH Niagara Falls LP. During the quarter, net income of $2,217 (2025 - $1,694) was recognized. This balance comprised NOI of $4,282, less depreciation and amortization of $1,568 and net finance costs of $497.

Nine months ended September 30, 2026

The Company's share of net income in joint ventures relates to Sienna-Sabra LP and Sienna-RSH Niagara Falls LP. During the nine months ended September 30, 2026, net income of $6,231 (2025 - $116) was recognized, primarily due to decreased amortization expenses following the full amortization of certain intangible assets earlier in 2025. This balance comprised NOI of $12,330, less depreciation and amortization of $4,665 and net finance costs of $1,434.

Net Finance Charges

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Finance costs						
Interest expense on mortgages	**7,269**	7,159	110	**21,890**	19,605	2,285
Interest expense on debentures	**6,547**	4,891	1,656	**19,639**	12,924	6,715
Interest expense on construction loan	**260**	328	(68)	**773**	1,187	(414)
Interest expense on credit facilities	**221**	416	(195)	**653**	884	(231)
Interest expense on right-of-use assets	**25**	31	(6)	**81**	93	(12)
Amortization of financing charges and fair value adjustments on acquired debt	**508**	486	22	**1,343**	2,042	(699)
Net settlement receipt on interest rate swap contracts	**(23)**	(105)	82	**(55)**	(361)	306
Fair value (gain) loss on interest rate swap contracts	**(256)**	207	(463)	**(248)**	866	(1,114)
	14,551	13,413	1,138	**44,076**	37,240	6,836
Less: Interest capitalized on qualifying development projects	**(411)**	(1,734)	1,323	**(1,112)**	(5,544)	4,432
Net finance costs	**14,140**	11,679	2,461	**42,964**	31,696	11,268
Finance income						
Interest income on construction funding receivable	**1,105**	334	771	**3,307**	437	2,870
Other interest income	**1,445**	618	827	**3,752**	2,554	1,198
	2,550	952	1,598	**7,059**	2,991	4,068
Net finance charges	**11,590**	10,727	863	**35,905**	28,705	7,200

Third Quarter 2026

Net finance charges for Q3 2026 increased by $863 to $11,590, compared to Q3 2025, primarily due to higher interest on debentures driven by increased volumes and rates, and lower interest capitalized on qualifying development projects, partially offset by higher interest income with respect to construction funding subsidies for recently completed development projects.

Nine months ended September 30, 2026

Net finance charges for the nine months ended September 30, 2026, increased by $7,200 to $35,905, compared to nine months ended September 30, 2025, primarily due to higher interest on debentures driven by increased volumes and rates, and lower interest capitalized on qualifying development projects, partially offset by higher interest income with respect to construction funding subsidies for recently completed development projects.

Transaction Costs

Third Quarter 2026

Transaction costs for Q3 2026 increased by $136 to $3,216 compared to Q3 2025, primarily attributable to timing of activities related to acquisitions and development projects.

Nine months ended September 30, 2026

Transaction costs for the nine months ended September 30, 2026, increased by $2,697 to $12,717 compared to nine months ended September 30, 2025, primarily attributable to an additional contingent liability of $2,177 related to the acquisition of the Alberta portfolio in 2025, and timing of activities related to acquisitions and development projects.

Gain on Remeasurement of Previously Held Interest in Joint Operation

Nine months ended September 30, 2026

In Q1 2026, the Company acquired the remaining 22.8% interest in Glenmore Lodge, obtaining control of the property. As a result, its previously held 77.2% interest was remeasured to the fair value, resulting in a gain of $12,567.

Income Taxes

Third Quarter 2026

Income tax expenses decreased by $215 in Q3 2026, to $3,974 (current tax expense of $3,836 and deferred tax expense of $138), compared to income tax expenses of $4,189 in Q3 2025 (current tax expense of $1,975 and deferred tax expense of $2,214).

Nine months ended September 30, 2026

Income tax expenses for the nine months ended September 30, 2026, decreased by $1,247, to $11,250 (current tax expense of $5,374 and deferred income tax expense of $5,876), compared to income tax expenses of $12,497 for the nine months ended September 30, 2025 (current income tax expense of $6,159 and deferred tax expense of $6,338). The decrease in tax expenses is primarily due to tax benefits arising from additional tax depreciation related to properties acquired in 2025, the re-enactment of accelerated tax depreciation in Q1 2026, and the settlement of share-based compensation awards in the year, partially offset by higher NOI.

Adjusted Funds from Operations

The following table represents the reconciliation of NOI to net income, FFO[1], and OFFO for the periods ended September 30. The reconciliation from FFO to AFFO is provided as supplementary information.

Weighted average common shares outstanding	**111,059,237**	92,894,810		**106,450,454**	90,429,522	

1. This is a non-GAAP measure. Refer to the *Non-GAAP Measures* section in this MD&A for definitions and additional information.
2. For the three and nine months ended September 30, 2026, includes the Company's share of amortization of financing charges and fair value adjustments on assumed debt in Equity-Accounted Joint Ventures of $25 and $76, respectively (2025 - $42 and $138, respectively).
3. For the three and nine months ended September 30, 2026, includes the Company's share of maintenance capital expenditure in Equity-Accounted Joint Ventures of $672 and $1,697, respectively (2025 - $380 and $751, respectively).
4. In Q3 2025, the Company recognized retroactive funding of $1,006 ($1,371 net of $365 taxes) relating to prior years. Excluding this item, OFFO and AFFO per share for the three months ended September 30, 2025, would each be lower by $0.011. For the nine months ended September 30, 2025, the Company recognized retroactive funding of $1,006 ($1,371 net of $365 taxes) and a WSIB refund of $1,334 ($1,817 net of $483 taxes), both relating to prior years. Excluding these items, OFFO and AFFO per share for the nine months ended September 30, 2025, would each have been $0.026 lower. For the nine months ended September 30, 2026, the Company recognized retroactive funding of $2,348 ($3,195 net of $847 taxes) and a WSIB refund of $256 ($348 net of $92 taxes), both relating to prior years. Excluding these items, OFFO and AFFO per share for the nine months ended September 30, 2026, would each have been $0.024 lower.

Financial Position

Balance Sheet Analysis

The following table summarizes the significant changes in assets, liabilities and equity as at September 30, 2026, compared to December 31, 2025:

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025	Change
Total assets	**2,781,788**	2,536,958	244,830
Total liabilities	**1,830,970**	1,817,432	13,538
Total equity	**950,818**	719,526	231,292

Total assets increased by $244,830 to $2,781,788, primarily due to an increase in cash from shares issued through the ATM Program and additions to property and equipment resulting from acquisitions.

Total liabilities increased by $13,538 to $1,830,970, primarily driven by timing of accounts payables and accrued liabilities, and government funding payables.

Total equity increased by $231,292 to $950,818, primarily due to shares issued through the ATM Program and the Company's year-to-date net income, partially offset by dividends declared during the period.

Cash Flow Analysis

The following table represents the summary of cash flows for the periods ended September 30:

	Three months ended September 30,			**Nine months ended September 30,**		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Cash provided by (used in):						
Operating activities	**60,822**	44,044	16,778	**111,944**	71,062	40,882
Investing activities	**(48,911)**	(118,029)	69,118	**(193,495)**	(329,129)	135,634
Financing activities	**(21,086)**	155,563	(176,649)	**173,459**	235,642	(62,183)
(Decrease) increase in cash and cash equivalents during the period	**(9,175)**	81,578	(90,753)	**91,908**	(22,425)	114,333
Cash and cash equivalents, end of period	**211,567**	104,777	106,790	**211,567**	104,777	106,790

Third Quarter 2026

Cash provided by operating activities for the three months ended September 30, 2026, increased by $16,778 to $60,822, primarily due to higher EBITDA and lower income taxes paid in 2026, partially offset by the timing of working capital changes.

Cash used in investing activities for the three months ended September 30, 2026, decreased by $69,118 to $48,911, primarily due to timing of acquisitions.

Cash used in financing activities for the three months ended September 30, 2026, increased by $176,649 to $21,086, primarily due to the issuance of Series E debentures in Q3 2025 and increased dividend payments as a result of higher number of shares.

Nine months ended September 30, 2026

Cash inflows provided by operating activities for the nine months ended September 30, 2026, increased by $40,882 to $111,944, primarily due to higher EBITDA and lower income taxes paid in 2026, partially offset by higher interest paid in 2026 and the timing of working capital changes.

Cash used in investing activities for the nine months ended September 30, 2026, decreased by $135,634 to $193,495, primarily due to decreased spending on redevelopment projects, timing of acquisitions and

higher construction funding received from the redevelopments projects completed in 2025.

Cash provided by financing activities for the nine months ended September 30, 2026 decreased by $62,183 to $173,459 primarily due to the issuance of Series E debentures in Q3 2025, and an increase in dividend payments as a result of an increase in share capital, partially offset by higher equity raised under the ATM Program and lower debt repayment.

Reconciliation of Cash Flow from Operations to Adjusted Funds from Operations

The IFRS Accounting Standards measure most directly comparable to AFFO is "cash flow from operating activities". The following table represents the reconciliation of cash provided by operating activities to AFFO for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Cash provided by operating activities	**60,822**	44,044	16,778	**111,944**	71,062	40,882
Construction funding principal	**902**	562	340	**2,771**	1,228	1,543
Transaction costs	**3,216**	3,080	136	**12,717**	10,020	2,697
Maintenance capital expenditures	**(4,596)**	(4,675)	79	**(13,093)**	(12,369)	(724)
Net change in working capital, interest and taxes	**(29,668)**	(16,013)	(13,655)	**(17,498)**	3,183	(20,681)
Share-based compensation expenses	**(995)**	(1,440)	445	**(4,168)**	(4,669)	501
Restructuring costs, net of tax	**2,651**	—	2,651	**2,651**	—	2,651
AFFO of Equity-Accounted Joint Ventures	**3,760**	3,153	607	**10,820**	8,522	2,298
AFFO	**36,092**	28,711	7,381	**106,144**	76,977	29,167

1. This is a KPI. Refer to the *Non-GAAP Measures* section in this MD&A for definitions and additional information.
2. Excludes the 3rd and 4th beds in multi-bed rooms in Ontario that will not be reopened.
3. Rolling 12 months.

The Company's quarterly financial results reflect various factors including, but not limited to, timing of funding rate increases or additional funding, occupancy levels, timing of operating expenses and maintenance capital expenditures, seasonality of utility expenses, timing of resident co-payment increases, the timing of disposals and acquisitions, and capital market and financing activities.

For the three and nine months ended September 30, 2026, the Company's results reflect new acquisitions, developments and related costs, funding increases, occupancy growth, rental rate adjustments to market, and increased costs pertaining to labour, food, utilities and other operating expenses.

A discussion of the operating results for the three and nine months ended September 30, 2026, compared to the same period in the prior year is provided in the section "Operating Results".

Liquidity and Capital Resources

Liquidity

The Company's primary source of liquidity is cash flow generated from operating activities, as well as access to multiple sources of financing. The Company expects to meet its operating cash requirements, including required working capital, capital expenditures, and currently scheduled interest payments on debt through fiscal 2026 and beyond, from cash on hand, cash flow from operations, proceeds from refinancing its debt, its committed but unutilized borrowing capacity and, if necessary, by pursuing debt or equity financings to provide the Company with additional financial flexibility.

As at September 30, 2026, the Company's liquidity was $594,849, as follows:

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025
Cash and cash equivalents	**211,567**	119,659
Available funds from credit facilities [1]	**310,391**	310,391
Available funds from construction loans	**72,891**	71,830
Total	**594,849**	501,880

1. Includes share of Equity-Accounted Joint Ventures of $580 (December 31, 2025 - $580).

As at September 30, 2026, the Company's share of cash and cash equivalents held in our Equity-Accounted Joint Ventures was $6,414.

The Company had a working capital deficiency (current liabilities less current assets) of $255,310 as at September 30, 2026, including the current portion of long-term debt of $172,842. To support its working capital deficiency, the Company has available cash from operations, access to multiple sources of financing, and has a history of successfully refinancing debt.

The Company has an unencumbered asset pool with a fair value of approximately $1,579,250 as at September 30, 2026 (December 31, 2025 - $1,473,650). The unencumbered asset pool provides the Company with financial flexibility to enter into different financing options.

Debt

The Company's objectives are to access and maintain the lowest cost of debt with the most flexible terms available. The Company's debt strategy involves primarily unsecured debentures, conventional and CMHC insured mortgages, and secured and unsecured credit facilities.

The Company's goal is to continue to optimize its debt maturity schedule over a 10-year period in order to manage interest rate and financial risks.

The Company's total debt is comprised of the following:

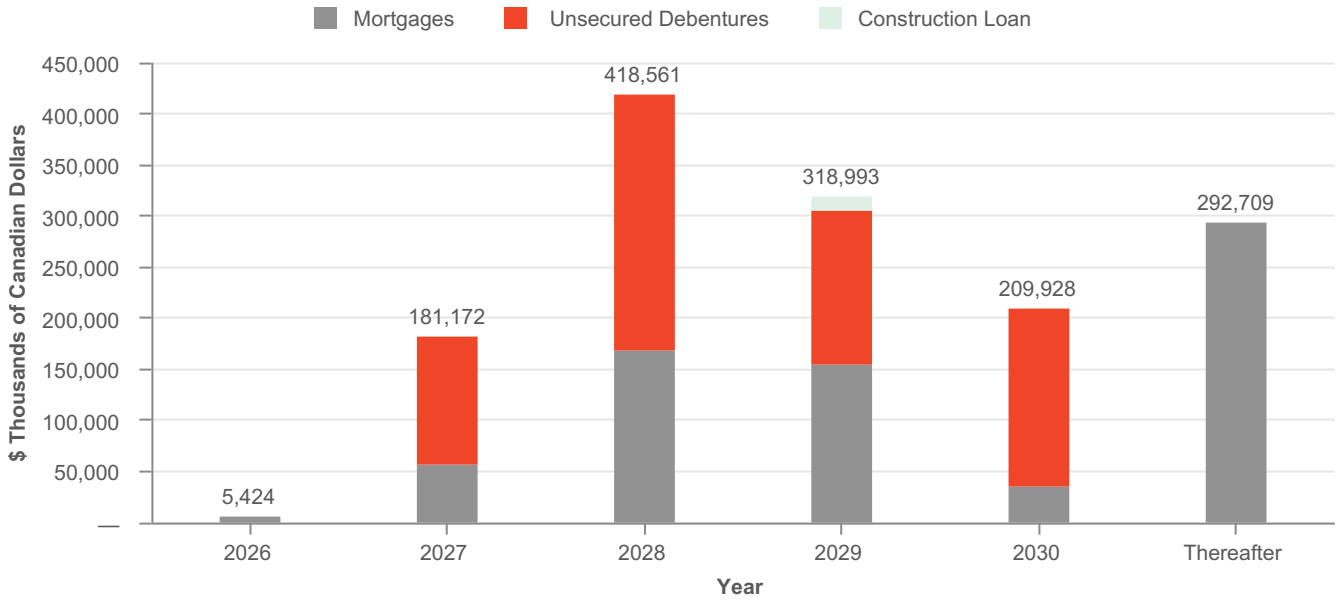

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025
Series C Unsecured Debentures	**125,000**	125,000
Series D Unsecured Debentures	**150,000**	150,000
Series E Unsecured Debentures	**175,000**	175,000
Series F Unsecured Debentures	**250,000**	250,000
Construction Loan	**14,194**	14,194
Mortgages	**712,593**	720,473
Lease liability	**2,959**	3,615
	1,429,746	1,438,282
Fair value adjustments on assumed debt	**5,305**	6,673
Less: Deferred financing costs	**(17,105)**	(19,634)
Total debt	**1,417,946**	1,425,321

The following table summarizes the scheduled principal maturities of the Company's long-term debt commitments as at September 30, 2026:

Thousands of Canadian dollars, except interest rate							**Mortgages**				
Year	**Series C Unsecured Debentures** (1)	**Series D Unsecured Debentures** (2)	**Series E Unsecured Debentures** (3)	**Series F Unsecured Debentures** (4)	**Construction Loan**	**Capitalized Lease Principal Payments** (5)	**Regular Principal Repayments**	**Principal Due at Maturity**	**Weighted Average Interest Rate on Maturing Mortgages**	**Total**	**Consolidated Weighted Average Interest Rate on Maturing Debt**
2026	—	—	—	—	—	233	5,424	—	— %	**5,657**	— %
2027	125,000	—	—	—	—	952	21,057	35,115	3.32 %	**182,124**	2.94 %
2028	—	—	—	250,000	—	663	16,126	152,435	3.63 %	**419,224**	3.57 %

Thereafter	—	—	—	—	—	—	46,194	246,515	4.25 %	**292,709**	4.25 %
	125,000	**150,000**	**175,000**	**250,000**	**14,194**	**2,959**	**109,218**	**603,375**	**4.08 %**	**1,429,746**	3.92 %
Fair value adjustments on assumed debt										**5,305**	
Less: Deferred financing costs										**(17,105)**	
Total debt										**1,417,946**	

1. The interest rate for the Series C Unsecured Debentures is 2.820%.
2. The interest rate for the Series D Unsecured Debentures is 4.436%.
3. The interest rate for the Series E Unsecured Debentures is 4.112%.
4. The interest rate for the Series F Unsecured Debentures is 3.524%.
5. The weighted average interest rate for capitalized lease principal payments is 3.870% for each year.

The following graph presents the maturity profile for the Company's major debt, excluding capitalized lease principal payments, as at September 30, 2026:

The following tables provide supplemental information and summarize the components of the Company's share of debt for our Equity-Accounted Joint Ventures:

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025
Mortgages	**22,639**	23,370
Construction loan [1]	**29,174**	27,283
Fair value adjustments on assumed debt	**(1,883)**	(1,959)
Less: Deferred financing costs	**(8)**	(8)
Total debt	**49,922**	48,686

Year	**Principal Repayments**
2026	29,421
2027	1,000
2028	1,023
2029	1,046
2030	1,069
Thereafter	18,254
	51,813
Fair value adjustments on assumed debt	(1,883)
Less: Deferred financing costs	(8)
Total debt	**49,922**

1. The Company's Equity-Accounted Joint Ventures had access to a non-revolving construction loan, with the Company's proportionate share totaling $29,278, of which $29,174 was drawn. Borrowings under this construction loan are available at the Canadian Prime rate plus 65 bps per annum or Canadian Overnight Repo Rate Average plus credit spread adjustment and 215 bps per annum, at the Company's option.

Debentures

The Series C senior unsecured debentures were issued on June 3, 2021, and bear interest at a rate of 2.820% per annum, payable semi-annually in March and September of each year and mature on March 31, 2027 (the "**Series C Unsecured Debentures**").

The Series D senior unsecured debentures were issued on October 17, 2024, and bear interest at a rate of 4.436% per annum, payable semi-annually in April and October of each year, and mature on October 17, 2029 (the **"Series D Unsecured Debentures"**).

The Series E senior unsecured debentures were issued on August 21, 2025, and bear interest at a rate of 4.112% per annum, payable semi-annually in February and August of each year, and mature on August 21, 2030 (the **"Series E Unsecured Debentures"**).

The Series F senior unsecured debentures were issued on December 18, 2025, and bear interest at a rate of 3.524% per annum, payable semi-annually in June and December of each year, and mature on December 18, 2028 (the **"Series F Unsecured Debentures"**).

The balances related to the debentures are as follows:

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025
Series C Unsecured Debentures	**125,000**	125,000
Series D Unsecured Debentures	**150,000**	150,000
Series E Unsecured Debentures	**175,000**	175,000
Series F Unsecured Debentures	**250,000**	250,000
Less: Deferred financing costs	**(1,954)**	(2,658)
	698,046	697,342

Credit Facilities

The Company has a total borrowing capacity of $309,811 pursuant to its credit facilities as at September 30, 2026.

On June 4, 2026, the Company amended its $300,000 senior unsecured revolving credit facility (the "**Unsecured Revolving Credit Facility**"), to extend its maturity by one year to March 19, 2031. The Unsecured Revolving Credit Facility may be extended for additional one-year terms, subject to certain conditions. The capacity of the Unsecured Revolving Credit Facility may be increased by up to $50,000 during the term of the facility, subject to certain conditions. Borrowings under the Unsecured Revolving Credit Facility bear interest at Canadian Overnight Repo Rate Average plus credit spread adjustment ("**Adjusted CORRA**") and 145 bps per annum (formerly under the discontinued banker's acceptance rate plus 145 bps per annum) or at the Canadian prime rate plus 45 bps per annum, at the Company's option. The Unsecured Revolving Credit Facility is subject to certain customary financial and non-financial covenants. The Company also has access to multiple streams of other credit facilities for working capital purposes.

As at September 30, 2026, the Company had no draws under the Unsecured Revolving Credit Facility (December 31, 2025 - $nil). Deferred financing cost related to the Unsecured Revolving Credit Facility was $446 (December 31, 2025 - $464). As at September 30, 2026, the Company was contingently liable for letters of credit in the amount of $1,109 (December 31, 2025 - $1,109), including its Company proportionate share of Equity-Accounted Joint Ventures of $420 (December 31, 2025 - $420) .

Construction Loans

The Company had access to a construction loan facility with a maximum borrowing capacity of $102,500. As at September 30, 2026, $72,891 was available, of which $14,194 (December 31, 2025 - $14,194) was drawn. Borrowings under the construction loan are available at the Canadian Prime rate plus 50 bps per annum or Adjusted CORRA plus 195 bps per annum, at the Company's option.

Mortgages

The Company has both fixed and variable rate mortgages with various financial institutions.

The Company is subject to interest rate risk on mortgages at variable rates associated with certain residences, which is substantially offset by interest rate swap contracts. Property-level mortgages are secured by each of the underlying properties' assets, guaranteed by the Company and subject to customary financial and non-financial covenants.

The Company has low-cost mortgage financing with CMHC. As at September 30, 2026, 84% of the Company's total property-level mortgages, including the Company's proportionate share of Equity-Accounted Joint Ventures, were insured by CMHC.

The balances related to property-level mortgages are as follows:

Thousands of Canadian dollars	**September 30, 2026**	December 31, 2025
Mortgages at fixed rates	**623,883**	632,551
Mortgages at variable rates [1]	**88,710**	87,922
Fair value adjustments on assumed debt	**5,305**	6,673
Less: Deferred financing costs	**(14,705)**	(16,512)
	703,193	710,634

1. Includes floating rate mortgages converted to fixed rates through interest rate swaps, representing 12.45% of total mortgage debt.

The following table summarizes some metrics on the Company's property-level mortgages:

	September 30, 2026			December 31, 2025
	Fixed Rate	**Variable Rate**	**Total**	Total
Weighted average interest rate [1]	4.10 %	3.96 %	**4.08 %**	4.07 %
Weighted average term to maturity (years)	5.4	2.0	**4.9**	5.7

1. Weighted average interest rate includes variable rates that have been fixed through interest rate swaps.

Lease Liability

The lease liability as at September 30, 2026 of $2,959 represents the Company's lease on its office equipment and the renewal and expansion of its Markham corporate office space.

Credit Ratings

On July 23, 2026, Morningstar DBRS confirmed the Company's BBB Issuer Rating and ratings on its Senior Unsecured Debentures, with trends remaining "Stable".

The Company's credit ratings for its debentures are summarized below:

Debt	Rating Agency	Credit Rating	Outlook
Series C Unsecured Debentures	Morningstar DBRS	BBB	Stable
Series D Unsecured Debentures	Morningstar DBRS	BBB	Stable
Series E Unsecured Debentures	Morningstar DBRS	BBB	Stable
Series F Unsecured Debentures	Morningstar DBRS	BBB	Stable

Financial Covenants

The Company is in compliance with all financial covenants on its borrowings as at September 30, 2026. However, there can be no assurance that covenant requirements will be met at all times. If the Company does not remain in compliance, its ability to amend the covenants or refinance its debt could be adversely affected.

Adjusted EBITDA, as referenced in certain ratios below, is presented in accordance with defined terms in certain covenant calculations. The following table represents the reconciliation of net income to EBITDA and Adjusted EBITDA for the rolling twelve months ended September 30, 2026 and December 31, 2025:

Thousands of Canadian dollars	12 months ended December 31, 2025	Subtract: Nine months ended September 30, 2025	Add: Nine months ended September 30, 2026	12 months ended September 30, 2026
Net income [2]	44,527	(31,560)	39,256	**52,223**
Depreciation and amortization [1]	69,348	(50,845)	66,279	**84,782**
Net finance charges [1]	43,026	(30,312)	37,336	**50,050**
Income tax expense	17,344	(12,497)	11,250	**16,097**
Transaction costs [1]	16,534	(9,970)	12,717	**19,281**
Restructuring costs [5]	(180)	—	3,607	**3,427**
EBITDA [2]	**190,599**	**(135,184)**	**170,445**	**225,860**
Proceeds from construction funding	3,428	(1,665)	6,078	**7,841**
SOAR program [1]	1,384	(1,088)	1,417	**1,713**
Gain on disposal of property and equipment [4]	(3,773)	—	—	**(3,773)**
Gain on remeasurement of previously held interest in joint operation[3]	(12,596)	12,596	(12,567)	**(12,567)**
Adjusted EBITDA [2]	**179,042**	**(125,341)**	**165,373**	**219,074**

1. Includes the Company's proportionate share of Equity-Accounted Joint Ventures.
2. For the year ended December 31, 2025, includes a $5,426 WSIB refund, and $4,234 retroactive funding related to the prior years. For the nine months ended September 30 2025, includes a $1,817 WSIB refund and $1,371 retroactive funding related to the prior years. For the nine months ended September 30, 2026, includes a $348 WSIB refund related to the prior years and $3,195 retroactive funding related to 2025.
3. In Q1 2026, the Company acquired the remaining 22.8% interest in Glenmore Lodge. As a result, its previously held 77.2% interest was measured to the fair value, resulting in a gain of $12,567. In Q1 2025, the Company acquired the remaining 30% interest in Nicola Lodge. As a result, its previously held 70% interest was measured to the fair value, resulting in a gain of $12,596.
4. During the year ended December 31, 2025, the Company disposed of the land and buildings within its LTC segment for proceeds of $8,145. The net book value of the assets disposed of was $4,372, resulting in a pre-tax gain on disposal of $3,773.
5. In Q3 2026, the Company recognized $3,607 of restructuring costs in connection with the planned redevelopment of its Streetsville and Glen Rouge LTC communities.

Interest Coverage Ratio

The Interest Coverage Ratio is a common measure used to assess an entity's ability to service its debt obligations. In general, higher ratios indicate a lower risk of default.

The interest coverage ratio is calculated on a trailing 12-month basis as at the following dates:

	Rolling 12 months ended	
Thousands of Canadian dollars, except ratio	**September 30, 2026**	December 31, 2025
Net finance charges	**48,137**	40,937
Add (Less):		
Amortization of financing charges and fair value adjustments on acquired debt	**(1,943)**	(2,642)
Interest capitalized on construction	**1,406**	5,838
Interest income on construction funding receivable	**4,259**	1,389
Interest expenses from Equity-Accounted Joint Ventures	**1,880**	1,947
Other interest income[1]	**4,446**	3,248
Fair value gain (loss) on interest rate swap contracts	**397**	(717)
Net finance charges, adjusted	**58,582**	50,000
Adjusted EBITDA	**219,074**	179,042
Interest coverage ratio	**3.7**	3.6

1. Includes the Company's proportionate share of Equity-Accounted Joint Ventures.

Debt Service Coverage Ratio

The Debt Service Coverage Ratio is a common measure used to assess an entity's ability to service its debt obligations. Maintaining the debt service coverage ratio forms part of the Company's debt covenant requirements. In general, higher ratios indicate a lower risk of default. The following is the calculation for the rolling twelve months ended September 30, 2026, and December 31, 2025.

	Rolling 12 months ended	
Thousands of Canadian dollars, except ratio	**September 30, 2026**	December 31, 2025
Net finance charges, adjusted [1]	**58,582**	50,000
Principal repayments [1][2]	**20,839**	19,618
Total debt service [1]	**79,421**	69,618
Adjusted EBITDA	**219,074**	179,042
Debt service coverage ratio	**2.8**	2.6

1. Includes the Company's proportionate share of Equity-Accounted Joint Ventures.
2. Debt repayments on maturity and voluntary payments towards the Company's credit facilities have been excluded from the debt service coverage ratio

Net Debt to Adjusted EBITDA Ratio

The Net Debt to Adjusted EBITDA ratio is an indicator of the approximate number of years required for current cash flows to repay all indebtedness.

	Rolling 12 months ended	
Thousands of Canadian dollars, except ratio	**September 30, 2026**	December 31, 2025
Total indebtedness		
Unsecured Debentures	**700,000**	700,000
Construction loan	**14,194**	14,194
Mortgages	**712,593**	720,473
Mortgages related to Equity-Accounted Joint Ventures	**22,639**	23,370
Construction loan related to Equity-Accounted Joint Venture	**29,174**	27,283
Lease liability [1]	**2,959**	3,615
Total indebtedness	**1,481,559**	1,488,935
Less:		
Cash and cash equivalents	**(211,567)**	(119,659)
Cash and cash equivalents of Equity Account JVs	**(6,414)**	(4,352)
Net indebtedness	**1,263,578**	1,364,924
Adjusted EBITDA	**219,074**	179,042
Net debt to Adjusted EBITDA	**5.8**	7.6

1. Includes the Company's proportionate share of Equity-Accounted Joint Ventures.

Net Debt to Adjusted Gross Book Value

Net Debt to Adjusted Gross Book Value indicates the leverage applied against the total gross book value (original costs) of the entity.

Thousands of Canadian dollars, except ratio	**September 30, 2026**	December 31, 2025
Net indebtedness [1]	**1,263,578**	1,364,924
Total assets [1]	**2,835,375**	2,589,422
Accumulated depreciation on property and equipment [1]	**593,978**	541,543
Accumulated amortization on intangible assets [1][2]	**238,200**	230,687
Adjusted Gross Book Value [1]	**3,667,553**	3,361,652
Net Debt to Adjusted Gross Book Value	**34.5 %**	40.6 %

1. Includes the Company's proportionate share of Equity-Accounted Joint Ventures.
2. Includes fully amortized assets of $175,361 as at September 30, 2026 (December 31, 2025 - $175,361).

Equity

Share Capital

The Company is authorized to issue an unlimited number of common shares or preferred shares, without nominal or par value. The following table summarizes the common shares issued and outstanding:

Thousands of Canadian dollars, except shares	Common shares	Amount
Balance, January 1, 2025	82,661,000	1,105,454
Dividend reinvestment plan	1,044,170	17,875
Long-term incentive plan, net of loans receivable	—	79
Common shares issued, net of share issuance costs and taxes	9,108,000	138,942
Common shares issued pursuant to the ATM Program, net of share issuance costs	6,332,942	122,743
Common shares issued pursuant to the SOAR program	73,351	1,325
Balance, December 31, 2025	99,219,463	1,386,418
Dividend reinvestment plan	743,990	15,830
Long-term incentive plan, net of loans receivable	—	58
Common shares issued pursuant to the ATM Program, net of share issuance costs	11,271,796	250,082
Common shares issued pursuant to the SOAR program	62,559	1,386
Balance, September 30, 2026	**111,297,808**	**1,653,774**

Dividend reinvestment plan

The Company has established a dividend reinvestment plan ("**DRIP**") for eligible holders of common shares, which allows participants to reinvest cash dividends paid in respect of their common shares in additional common shares at a 3% discount.

ATM Program

On May 6, 2025, Sienna established an ATM Program, which allowed the Company to issue up to $125 million of common shares. Any common shares sold under the ATM Program will be distributed through the Toronto Stock Exchange or any other permitted marketplace at the market prices prevailing at the time of sale.

During 2025, the ATM Program was fully utilized, with approximately 6.3 million shares issued at an average share price of $19.73 per share.

On February 19, 2026 and May 5, 2026, the Board of Directors approved renewals of the ATM Program, each authorizing the issuance of up to an additional $150 million of common shares. During the nine months ended September 30, 2026, 11,271,796 common shares were issued at an average share price of $22.46 per share for aggregate gross proceeds of approximately $253,114, including 220,097 common share issued in Q3 2026 at an average share price of $22.35 for aggregate gross proceeds of approximately $4,920. Issuance costs of $3,032, net of related tax recoveries of $1,312 (Note 13), were recorded as a reduction of shareholders' equity for the nine months ended September 30, 2026.

Dividends

The Board of Directors of the Company determines the appropriate dividend levels based on its assessment of cash provided by operations normalized for unusual items, expected working capital requirements and actual and projected capital expenditures.

The following table summarizes the dividends declared in relation to cash flows from operating activities and AFFO for the periods ended September 30:

	Three months ended September 30,			Nine months ended September 30,		
Thousands of Canadian dollars	**2026**	2025	Change	**2026**	2025	Change
Cash provided by operating activities	**60,822**	44,044	16,778	**111,944**	71,062	40,882
Dividends declared	**(26,003)**	(21,805)	(4,198)	**(75,320)**	(64,193)	(11,127)
Cash provided by operating activities in excess of dividends declared	**34,819**	22,239	12,580	**36,624**	6,869	29,755
AFFO	**36,092**	28,711	7,381	**106,144**	76,977	29,167
Dividends declared	**(26,003)**	(21,805)	(4,198)	**(75,320)**	(64,193)	(11,127)
AFFO retained	**10,089**	6,906	3,183	**30,824**	12,784	18,040

The Company believes that its current dividend level is sustainable. However, cash dividends are not guaranteed and may fluctuate with the performance of the Company.

Contractual Obligations and Other Commitments

Leases

On October 2, 2026, the Company extended its existing Markham corporate office lease by two years to October 31, 2032, and agreed to lease an additional 6,781 square feet for five years commencing February 1, 2027. The Company also has various leases for office and other equipment that expire over the next three years.

Other Commitments

On February 1, 2026, the Company acquired an additional 10.9% interest in LaSalle Park, increasing its interest in LaSalle Park from 78.2% to 89.1%. The Company is committed to acquire the remaining 10.9% interest within five years of the initial closing in December 2025.

On May 1, 2026, the Company entered into a purchase agreement to acquire Ballycliffe, a 224-bed newly built long-term care community in Ajax, Ontario, for a gross purchase price of $68.3 million, subject to certain customary adjustments. The acquisition will be financed through available cash on hand, and is subject to transaction approvals and customary closing conditions, and is expected to close in Q4 2026 or in early Q1 2027.

Capital Disclosure

The Company defines its capital as the total of its long-term debt and shareholders' equity less cash and cash equivalents.

The Company's objectives when managing capital are to:

(i) maintain a capital structure that provides options to the Company for accessing capital on commercially reasonable terms, without exceeding its debt capacity, or the limitations in its credit facilities, or taking on undue risks;

(ii) maintain financial flexibility in order to preserve its ability to meet financial obligations, including debt service payments and regular dividend payments; and

(iii) deploy capital to provide an appropriate investment return to its shareholders.

The Company's financial strategy is designed to maintain a flexible capital structure consistent with the objectives stated above and to respond to changes in economic conditions. In order to maintain or adjust its capital structure, the Company may issue additional shares, additional long-term debt, or long-term debt to

replace existing long-term debt with similar or different characteristics, or adjust the amount of dividends paid to the Company's shareholders. The Company's financing and refinancing decisions are made on a specific transaction basis and depend on factors such as the Company's financial needs and the market and economic conditions at the time of the transaction.

The Board of Directors of the Company determines and approves monthly dividends in advance on a quarterly basis. There were no changes in the Company's approach to capital management during the period.

Capital Investment

Strategic Capital Investments

The Company believes it can enhance its existing portfolio through strategic capital investments aimed at supporting occupancy, improving margins and NOI, and ultimately increasing the long-term value of its assets. The strategic capital investments include suite renovations, technology enhancements, and environmental upgrades across selected retirement residences.

These investments are aimed at modernizing the properties' aging infrastructure, enhancing asset quality and increasing operational efficiency. Strategic capital investments are not included in the determination of AFFO.

For the three and nine months ended September 30, 2026, the Company incurred $6,251 and $19,693, respectively, (2025 - $3,014 and $9,906, respectively) for strategic capital initiatives.

Maintenance Capital Expenditures

The Company monitors all of its properties for ongoing maintenance requirements. As part of the capital investments' monitoring process, items are assessed and prioritized based on the urgency and necessity of the expenditure to sustain or maintain the condition of buildings, or to meet residents' needs.

The following table summarizes the Company's maintenance capital expenditures, including the Company's proportionate share of Equity-Accounted Joint Ventures, for the periods ended September 30:

	Three months ended September 30,		Nine months ended September 30,	
Thousands of Canadian dollars	**2026**	2025	**2026**	2025
Building maintenance	**174**	1,121	**2,594**	4,626
Mechanical and electrical	**2,096**	675	**4,158**	2,266
Suite renovations and common area upgrades	**1,110**	1,641	**3,166**	3,287
Communications and information systems	**258**	182	**594**	424
Furniture, fixtures and equipment	**958**	1,056	**2,581**	1,766
Total maintenance capital expenditures [1]	**4,596**	4,675	**13,093**	12,369

1. For the three and nine months ended September 30, 2026, includes share of Equity-Accounted Joint Ventures of $672 and $1,697, respectively (2025 - $380 and $751, respectively).

Building Maintenance

Building maintenance expenditures include the costs for structures, roofing, exterior grounds, fire safety, and sprinklers. For the nine months ended September 30, 2026, the decrease in building maintenance expenditures compared to the prior year was due to completion of the re-piping project in 2025 and timing of repairs.

Mechanical and Electrical

Mechanical and electrical expenditures include the costs for heating, air conditioning and ventilation systems, boilers, pumps and building elevators.

Suite Renovations and Common Area Maintenance

Suite renovations and common area maintenance are expenditures to maintain the conditions and marketability of the Company's residences. Flooring and carpeting replacements are often done in conjunction with suite renovations.

Communication and Information Systems

Communication and information systems' expenditures include the costs for purchasing and installing computer equipment, software applications, telecommunication systems and wireless solutions.

Furniture, Fixtures and Equipment

Furniture, fixtures and equipment expenditures include the costs for replacing or maintaining residences' furnishings and equipment, including those in residents' rooms, as well as kitchen facilities, laundry facilities and dining furnishings.

Construction Funding

The Company receives construction funding subsidies from the Government of Ontario on a per bed per diem basis to support the costs of developing or redeveloping eligible LTC homes.

There are several eligibility requirements, including receiving approval from the Ministry on the development or redevelopment and completing the construction in accordance with a development agreement signed with the Ministry.

This funding is non-interest bearing, and is received subject to the condition that the residences continue to operate as long-term care residences for the period for which they are entitled to the construction funding. As at September 30, 2026, the condition for funding has been met.

The construction funding amount to reconcile from OFFO to AFFO represents the change in the construction funding receivable balance, which consists of the cash to be received, offset by the interest income on the construction funding receivable recognized in "net income".

In Q3 2025, the Company successfully completed its redevelopment projects in North Bay and Brantford. The Company is eligible for receiving construction funding subsidies of approximately $82.2 million for each project over a 25-year funding period, including approximately $32.3 million interest income.

As at September 30, 2026, the Company estimates that the construction funding amount for completed projects will be as follows:

Thousands of Canadian dollars	Construction funding interest income [1]	Construction funding principal [2]	Total construction funding to be received
2026	1,093	777	1,870
2027	4,266	2,910	7,176
2028	4,153	3,023	7,176
2029	4,014	3,072	7,086
2030	3,888	2,928	6,816
Thereafter	42,832	89,995	132,827
	60,246	**102,705**	**162,951**

1. The interest income relates to interest accretion resulting from the construction funding receivable that was initially measured at fair value and subsequently measured at amortized cost using the effective interest method.
2. The construction funding principal received is an adjustment to reconcile from OFFO to AFFO.

For the three and nine months ended September 30, 2026, interest income on construction funding of $1,105 and $3,307, respectively, (2025 - $334 and $437, respectively) was recognized, and an adjustment of $902 and $2,771, respectively (2025 - $562 and $1,228 respectively), was made to AFFO for construction funding principal received.

Critical Accounting Estimates and Accounting Policies

The accounting policies and estimates that are critical to the understanding of the Company's business operations and results of operations are identified in Note 3 of the Company's annual audited consolidated financial statements for the year ended December 31, 2025.

New or changes in accounting policies are identified in Note 3 of the Company's condensed interim consolidated financial statements for the three and nine months ended September 30, 2026. Please refer to the Company's most recent financial statements for further details.

Significant Judgments and Estimates

The critical accounting estimates used by management in applying the Company's accounting policies and the key sources of estimation uncertainty are identified in Note 3 of the Company's annual audited consolidated financial statements for the year ended December 31, 2025.

There were no significant changes in judgments and estimates for the three and nine months ended September 30, 2026. Please refer to the Company's most recent financial statements for further details.

Risk Factors

Please refer to the latest AIF for a discussion of the Company's risk factors.

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance other than the deductible amounts of the claims. Management believes the final outcome of such matters will not have a material adverse impact on the business, operating results and financial condition of the Company. However, actual outcomes may differ from management's expectations.

On January 21, 2022, the Superior Court of Justice (the "**Court**") made an order consolidating six proposed class actions in the form ordered by the Court. The aggregate amount of damages claimed in the consolidated claim against the Company is $260,000.

On March 7, 2024, the Court issued its decision certifying the consolidated claim against the Company on the terms set out in the decision, namely only in respect of the Ontario long-term care homes owned by the Company and with a gross negligence cause of action.

The Company intends to continue to vigorously defend itself against the consolidated claim.

Given the status of the proceedings, management is unable to assess the potential impact of the consolidated claim on the Company's financial results.

On November 20, 2020, the Government of Ontario enacted the Supporting Ontario's Recovery Act (the "**Recovery Act**"). The Recovery Act provides civil liability protection to organizations that made a good faith effort to follow public health guidance and COVID-19 related laws, and did not act with gross negligence. The Recovery Act also deems existing civil proceedings related to COVID-19 exposure to be dismissed without costs and will bar future proceedings from being brought, as long as the defendant acted in good faith and not with gross negligence.

Controls and Procedures

Management is responsible for establishing and maintaining a system of disclosure controls and procedures to provide reasonable assurance that all material information relating to the Company, inclusive of its subsidiaries, is gathered and reported to senior management on a timely basis so that appropriate decisions can be made regarding public disclosure.

Management is also responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial reports for external purposes in accordance with IFRS.

In designing such controls, it should be recognized that due to inherent limitations, any controls, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and may not prevent or detect misstatements. Additionally, management is necessarily required to use judgment in evaluating controls and procedures.

There were no material changes in the Company's disclosure controls and procedures and internal controls over financial reporting since year-end that have a material effect, or are reasonably likely to have a material effect, on the Company's control environment.

Non-GAAP Measures

In this MD&A, the Company uses certain supplemental measures of key performance that are not measures recognized under IFRS Accounting Standards and do not have standardized meanings prescribed by IFRS Accounting Standards. These performance measures are net operating income ("**NOI**"), funds from operations ("**FFO**"), operating funds from operations ("**OFFO**"), adjusted funds from operations ("**AFFO**"), earnings before interest, taxes, depreciation and amortization, ("**EBITDA**") and maintenance capital expenditures, and collectively with NOI, FFO, OFFO, AFFO and EBITDA, the "**Non-GAAP Measures**". These terms are defined in the following table and reconciliations to the most comparable IFRS measures are referenced, as applicable.

The Company also uses the following Key Performance Indicators: Occupancy, Revenue, Proportionate Basis, Operating Expenses, Proportionate Basis, NOI, OFFO and OFFO per share, AFFO and AFFO per share, AFFO Payout Ratio, Net Debt to Adjusted Gross Book Value, Weighted Average Cost of Debt, Net Debt to Adjusted EBITDA Ratio, Interest Coverage Ratio, Debt Service Coverage Ratio, Weighted Average Term to Maturity to assess the overall performance of the Company's operations.

These Key Performance Indicators and Non-GAAP Measures should not be construed as alternatives to net income or cash flow from operating activities determined in accordance with IFRS Accounting Standards as indicators of the Company's performance. The Company believes these measures and indicators improve comparability of the underlying financial performance between periods. The Company's method of calculating these measures may differ from other issuers' methods and accordingly, these measures may not be comparable to measures presented by other publicly traded entities.

Non-GAAP Measures [1]	Definition	Reconciliation
One-Time Items	One-Time Item(s) are non-recurring and/or non-operational in nature. The Company believes the normalized metric would be useful and would allow readers to compare Sienna's performance to industry peers on a more consistent basis.	N/A
Equity-Accounted Joint Ventures	Equity-Accounted Joint Ventures is defined as the Company's interest in Sienna-RSH Niagara Falls LP and Sienna-Sabra LP joint ventures. Management presents certain non-GAAP measures on a proportionate basis ("proportionate basis"), which includes the Company's share of interests in joint arrangements that are accounted for using the equity method. This is viewed as relevant in demonstrating the Company's performance and is the basis of many of Sienna's key performance measures.	N/A
Revenue, Proportionate Basis	Revenue, Proportionate Basis is defined as revenue, including the Company's share of revenue in Equity-Accounted Joint Ventures (as defined above) on a proportionate consolidated basis.	Section - Revenue
Operating Expenses, Proportionate Basis	Operating Expenses, Proportionate Basis is defined as operating expenses, including the Company's share of operating expenses in Equity-Accounted Joint Ventures (as defined above) on a proportionate consolidated basis.	Section - Operating Expenses
Net Operating Income ("NOI")	NOI is defined as property revenue net of property operating expenses, including the Company's share of the operating income from Equity-Accounted Joint Ventures. The Company believes that NOI is a useful additional measure of operating performance as it provides a measure of core operations that is calculated prior to taking into account depreciation, amortization, administrative expenses, impairment loss, net finance charges, transaction costs, gain (loss) on disposal of properties and income taxes.	Section - NOI
Funds from Operations ("FFO")	FFO is defined as NOI less certain items including administrative expenses, net finance charges, current income taxes and SOAR program. FFO is a recognized earnings measure that is widely used by public real estate entities, particularly by those entities that own and/or operate income-producing properties. The use of FFO, combined with the required IFRS presentations, has been included for the purpose of improving the understanding of the Company's operating results. The IFRS measure most directly comparable to FFO is "net income".	Section - Adjusted Funds from Operations
Operating Funds from Operations ("OFFO") and OFFO per share	OFFO is FFO adjusted for non-recurring items, which include restructuring costs, and presents net finance charges on a cash interest basis. Management is of the view that OFFO is a relevant measure of the operating performance of the Company.	Section - Adjusted Funds from Operations
Adjusted Funds from Operations ("AFFO") and AFFO per share	AFFO is defined as OFFO plus the principal portion of construction funding received, less actual maintenance capital expenditures. Management of the Company believes AFFO is a cash flow measure, which is relevant in understanding the Company's ability to earn cash and pay dividends to shareholders. The IFRS measure most directly comparable to AFFO is "cash flow from operating activities".	Section - Adjusted Funds from Operations
Earnings before Interest, Taxes, Depreciation and Amortization ("EBITDA")	EBITDA is defined as net income excluding net finance charges, taxes, transaction costs, depreciation and amortization, restructuring costs, impairment loss, and including the Company's share of NOI in the Equity-Accounted Joint Ventures. EBITDA is relevant in understanding the Company's ability to service its debt, finance capital expenditures and pay dividends to shareholders. The IFRS measure most directly comparable to EBITDA is "net income".	Section - Liquidity and Capital Resources Financial Covenants
Adjusted EBITDA	Adjusted EBITDA is defined as EBITDA, adjusted for construction funding proceeds and other non-recurring items, including SOAR program and gain on remeasurement of previously held interest in joint operation.	Section - Liquidity and Capital Resources - Financial Covenants

These are also Key Performance Indicators used to assess overall performance of the Company's operation.

Key Performance Indicators	Description
Maintenance capital expenditures	Maintenance capital expenditures are defined as capital investments, including the Company's share of capital investments in Equity-Accounted Joint Ventures, made to maintain the Company's residences to meet residents' needs and continually improve residents' experience. These expenditures include building maintenance, mechanical and electrical spend, suite renovations, common area maintenance, communications and information systems, furniture, fixtures and equipment. Please refer to the Maintenance Capital Expenditures section of this MD&A for additional financial information.
Occupancy	Occupancy is a key driver of the Company's revenues. Average occupancy is calculated by dividing the earned resident days by available resident days for the same period. Occupancy percentage includes properties owned and jointly owned by the Company during the period. Total available resident days is the number of beds/suites available for occupancy multiplied by the number of days in the period. For long-term care segment, the calculation of earned and available resident days is adjusted to exclude certain bed types that are not subject to government's occupancy requirements for funding purposes.
AFFO Payout Ratio	Management monitors the AFFO payout ratio, which is calculated by dividing dividends declared over AFFO.
Net Debt	Net debt is defined as total debt less cash and cash equivalents (including the Company's share of debt in Equity-Accounted Joint Ventures)
Net Debt to Adjusted Gross Book Value	This ratio is calculated by dividing Net Debt over Adjusted Gross Book Value. In conjunction with the debt service coverage ratio, management monitors this ratio to ensure compliance with certain financial covenants.
Weighted Average Cost of Debt	This ratio is calculated by weighted averaging the average interest rate for the total debt maturing each year. It is an indicator of the average interest rate the Company expects to pay on its total debt.
Net Debt to Adjusted EBITDA Ratio	This ratio is calculated by dividing Net Debt over Adjusted EBITDA.
Interest Coverage Ratio	Interest coverage ratio, which is calculated using Adjusted EBITDA divided by net finance charges, is a common measure used to assess an entity's ability to service its debt obligations.
Debt Service Coverage Ratio	This ratio, which is calculated using total debt service (including the Company's share of debt in Equity-Accounted Joint Ventures) divided by Adjusted EBITDA, is a useful indicator of the Company's ability to pay off its debt.
Weighted Average Term to Maturity	This ratio is calculated by totaling the weighted average number of remaining years for mortgages. This indicator is used by management to monitor its debt maturities.
Same Property	"Same Property" measures are similar to "same-store" measures used in a number of other industries and are intended to measure the period over period performance of the same asset base. The Same Property portfolio excludes any properties in the Growth and Optimization portfolio.
Growth and Optimization	The Growth and Optimization portfolio includes: a) Growth Portfolio, including: (i) properties acquired within the last 12 months or (ii) development and redevelopment properties in lease-up and not yet stabilized; and (iii) other properties, including those held for sale, sold, or in the process of wind-down or closure; and b) Optimization Portfolio that are expected to be undergoing repositioning under Sienna's asset optimization initiative, involving renovations or major repositioning, including changes to capacity or use in the current and/or the next year to maximize market value, increase NOI, maintain market-competitive position and/or achieve stabilization. Acquired properties are considered "Same Property" after one year since the acquisition. Properties undergoing new development, redevelopment or repositioning are considered "Same Property" at the earlier of three years since completion or upon achieving stabilized occupancy levels and/or NOI levels.
Expected Development Yield	This ratio is calculated as the expected stabilized annual NOI of a development property, divided by development cost net of any development grant and present value of construction funding subsidy.
Investment Yield	Investment Yield is calculated as stabilized annual NOI divided by the purchase price of the acquired property, excluding the impact of any anticipated synergy savings.

Forward-Looking Statements

This MD&A, and the documents incorporated by reference herein, contain forward-looking information that reflects management's current expectations, estimates and projections about the future results, performance, achievements, prospects or opportunities for the Company, the senior living sector and government funding as of the date of this MD&A. Forward-looking statements are based upon a number of assumptions and involve significant known and unknown risks and uncertainties, many of which are beyond our control, the completion of acquisitions, dispositions and financing activities relating thereto, and statements with respect to the Company's ability to refinance debt maturities, that could cause actual results to differ from those that are disclosed in or implied by such forward-looking statements. The words "plan", "expect", "schedule", "estimate", "intend", "budget", "anticipate", "project", "forecast", "believe", "continue", "target", or variations of such words and phrases or statements to the effect that certain actions, events or results "may", "will", "could", "should", "would", "might" occur and other similar expressions, identify forward-looking statements. While we anticipate that subsequent events and developments may cause our views to change, we do not intend to update this forward-looking information, except as required by applicable securities laws.

This forward-looking information represents our views as of the date of this MD&A and such information should not be relied upon as representing our views as of any date subsequent to the date of this document. We have based the forward-looking statements in this MD&A on information currently available to us and that we currently believe are based on reasonable assumptions. However, there may be factors that cause results, performance or achievements not to be as expected or estimated and that could cause actual results, performance or achievements to differ materially from current expectations. There can be no assurance that forward-looking information will prove to be accurate. Accordingly, readers should not place undue reliance on forward-looking information. These factors are not intended to represent a complete list of the factors that could affect the Company. See risk factors highlighted in materials filed with the securities regulators in Canada from time to time, including the Company's latest AIF.

1 Organization

Sienna Senior Living Inc. (the "**Company**") and its predecessors have been operating since 1972. The Company is a seniors' living provider offering a broad range of living options and care services, from seniors' apartments and independent living ("**IL**") to independent supportive living ("**ISL**"), assisted living ("**AL**"), memory care ("**MC**") and long-term and continuing care ("**LTC**" or "**Long-term Care**") through the ownership and operation of seniors' living residences in the Provinces of Alberta, British Columbia, Saskatchewan, and Ontario. As at September 30, 2026, the Company owns and operates a total of 95 seniors' living residences: 48 retirement residences ("**RRs**" or "**Retirement Residences**") (including the Company's 50% joint venture interest in 12 residences in Ontario and Saskatchewan, 70% joint venture interest in one residence in Ontario, and 89.1% joint ownership in one residence in Ontario); 35 LTC residences; and 12 seniors' living residences providing both private-pay IL and AL and funded LTC. The Company also provides management services to 12 seniors' living residences in British Columbia, Alberta and Ontario.

The Company was incorporated under the Business Corporations Act (Ontario) on February 10, 2010 and was subsequently continued under the Business Corporations Act (British Columbia) on March 18, 2010. The Company closed the initial public offering of its common shares on March 23, 2010 and is traded on the Toronto Stock Exchange ("**TSX**") under the symbol "SIA".

The Company's business is carried on through a number of wholly owned limited partnerships and joint ventures formed under the laws of the Province of Ontario. The head office of the Company is located at 302 Town Centre Blvd., Suite 300, Markham, Ontario, L3R 0E8. The registered office of the Company is located at 700 West Georgia Street, Vancouver, British Columbia, V7Y 1B3.

As at September 30, 2026, the Company had outstanding 111,297,808 common shares.

2 Basis of preparation

These condensed interim consolidated financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting as issued by the International Accounting Standards Board ("**IASB**").

Certain information and footnote disclosure normally included in annual financial statements prepared in accordance with IFRS® Accounting Standards as issued by the IASB ("**IFRS Accounting Standards**") have been omitted or condensed. These condensed interim consolidated financial statements should be read in conjunction with the Company's annual consolidated financial statements for the year ended December 31, 2025.

These condensed interim consolidated financial statements have been approved by the Board of Directors, and authorized for issuance on November 12, 2026.

3 Summary of material accounting policy information and significant judgments and estimates

In preparing these condensed interim consolidated financial statements, the accounting policies utilized are consistent with those utilized in the preparation of the annual audited consolidated financial statements for the year ended December 31, 2025.

Accounting standards issued but not yet applied

IFRS 18, Presentation and Disclosure in Financial Statements

In April 2024, IASB issued IFRS 18 *Presentation and Disclosure in Financial Statements* ("**IFRS 18**"), which will replace IAS 1 *Presentation of Financial Statements.* IFRS 18 introduces new requirements around the structure of profit or loss, disclosures in financial statement for management defined performance measures and principles on aggregation and disaggregation applied to primary financial statements and notes. IFRS 18 will be effective January 1, 2027.

The Company is progressing its assessment of the impact of IFRS 18 on its consolidated financial statements. Based on the assessment, the primary impacts relate to the introduction of new defined subtotals to be presented in the consolidated statement of net income and comprehensive income, and additional disclosure requirements for certain non-GAAP measures identified as management-defined performance measures.

There are no other accounting standards issued but not yet applied that would be expected to have a material impact on the Company.

4 Acquisitions

The table below summarizes all acquisitions completed during the nine months ended September 30, 2026, with additional information discussed further below.

	Fair value of 22.8% interest in Glenmore Lodge [1]	Fair value of 10.9% interest in LaSalle Park	The Bartlett	Rockland Manor Residence	Total
Date of Acquisition	January 31, 2026	February 1, 2026	April 1, 2026	June 25, 2026

[1] Provisional fair value of the identifiable assets and liabilities as at the date of acquisition. The purchase price allocation is based on management's current best estimate of fair value. The actual allocation to certain identifiable net assets could vary as the working capital adjustment is finalized.

Acquisition of Remaining 22.8% Interest in Glenmore Lodge Community

On January 31, 2026, the Company acquired the remaining 22.8% interest in Glenmore Lodge Community ("**Glenmore Lodge**" or "**Glenmore**") in Kelowna, British Columbia, increasing its interest in Glenmore Lodge from 77.2% to 100% **("Step-up Acquisition of Glenmore")** and obtaining control of Glenmore Lodge. The acquisition qualifies as a business combination as defined by IFRS 3 Business Combinations.

As part of the step-up acquisition to 100% ownership of Glenmore Lodge, the previously held interest was deemed to be disposed and reacquired at fair value of $34,364, resulting in a gain of $12,567 recorded on the condensed interim consolidated statements of net income and comprehensive income.

The following table summarizes the provisional fair value of the identifiable assets acquired and liabilities of the acquired business as at acquisition date, as well as the consideration transferred.

	January 31, 2026
Assets	
Cash	3,061
Accounts receivable and other receivables	162
Prepaid expenses	123
Property and equipment	36,598
Intangible assets	7,886
Total assets	**47,830**
Liabilities	
Accounts payable and accrued liabilities	1,408
Government funding payable	1,779
Total liabilities	**3,187**
Net assets of Glenmore Lodge	**44,643**
Fair value of 22.8% interest in Glenmore Lodge	**10,156**
Satisfied by	
Cash consideration	5,834
Long-term debt assumed	4,322
Total consideration	**10,156**
Cash consideration	5,834
Less: cash acquired	(696)
Net cash outflow arising on acquisition	**5,138**

Acquisition-related costs (included in transaction costs) related to the Step-up Acquisition of Glenmore were $135.

As part of the Step-up Acquisition of Glenmore, the Company assumed the remaining 22.8% of the existing property-level mortgage in the amount of $4,322, bearing interest at a rate of 4.68% and maturing on April 1, 2032. The carrying value of debt assumed represents its fair value.

From January 31, 2026, Glenmore Lodge contributed incremental revenue and net income of $2,120 and $287, respectively.

*Acquisition of Additional Interest in LaSalle Park Retirement Residence (**"LaSalle Park"**)*

On February 1, 2026, the Company acquired an additional 10.9% interest in LaSalle Park in Burlington, Ontario, increasing its interest in LaSalle Park from 78.2% to 89.1%, for a gross purchase price of $9,339. As part of the acquisition, the Company assumed $3,722 of debt bearing interest at approximately 4.4% and maturing in 2028. The carrying value of debt assumed represents its fair value.

LaSalle Park is accounted for as a joint operation (Note 22), as the parties with joint control of the arrangement have rights to the assets and obligations for the liabilities of LaSalle Park.

Acquisition-related costs (included in transaction costs) were $341.

From February 1, 2026 LaSalle Park contributed incremental revenue and net loss of $864 and $(2,178), respectively.

Acquisition of The Bartlett Retirement Residence ("The Bartlett")

On April 1, 2026, the Company completed its acquisition of The Bartlett, a 129-suite independent living retirement residence in Oshawa, Ontario, for a gross purchase price of $58,768, including working capital adjustments. The acquisition qualifies as a business combination as defined by IFRS 3 Business Combinations.

Acquisition-related costs (included in transaction costs) were $1,564.

From April 1, 2026, The Bartlett contributed revenue and net income of $1,278 and $145, respectively.

*Acquisition of Rockland Manor Retirement Residence ("**Rockland Manor**")*

On June 25, 2026, the Company completed its acquisition of Rockland Manor, a 160-suite retirement residence in Rockland, Ontario, for a gross purchase price of $40,423, including working capital adjustments. The acquisition qualifies as a business combination as defined by IFRS 3 Business Combinations.

Acquisition-related costs (included in transaction costs) were $1,168.

From June 25, 2026, Rockland Manor contributed revenue and net income of $1,797 and $195, respectively.

If all of the acquisitions described above had taken place on January 1, 2026, the Company's revenue for the three and nine months ended September 30, 2026 would have increased by $3,968 and $12,502, respectively, and net (loss) income would have been increased by $(241) and $579, respectively.

The table below summarizes all acquisitions completed during the year ended December 31, 2025.

	Fair value of 30% interest in Nicola Care Community Lodge[1]	Alberta Portfolio	Wildpine Residence	Hazeldean Gardens Residence	Credit River	Cawthra Gardens	Hygate on Lexington	LaSalle Park[2]	Total

[1] On February 28, 2025, the Company acquired the remaining 30% interest in Nicola Care Community Lodge ("Nicola Lodge"), bringing its total ownership in Nicola Lodge from 70% to 100%. A gain on remeasurement of previously held interest in Nicola Lodge of $12,596 was recognized in Q1 2025.

[2] Provisional fair value of the identifiable assets and liabilities as at the date of acquisition. The purchase price allocation is based on management's current best estimate of fair value. The actual allocation to certain identifiable net assets could vary as the working capital adjustment is finalized.

5 Financial instruments

The following financial instruments are measured at amortized cost and the corresponding fair values as at September 30, 2026 and December 31, 2025 are disclosed in the table below:

	September 30, 2026		December 31, 2025	
	Carrying Value	**Fair Value**	Carrying Value	Fair Value
Financial Assets				
Construction funding receivable	**102,705**	**97,232**	105,476	104,039
Financial Liabilities				
Current and long-term portion of debt	**1,417,946**	**1,420,790**	1,425,321	1,442,286

The carrying amounts of cash and cash equivalents, restricted cash, accounts receivable and other receivables, government funding receivable, accounts payable and other liabilities, and government funding payable approximate their fair values.

Contingent consideration liabilities

The Alberta portfolio acquisition, completed on April 1, 2025, is subject to additional contingent consideration of up to $4.0 million (undiscounted), payable upon the achievement of certain funding and performance targets prior to June 2026. These targets were met in Q2 2026 and the fair value of the contingent consideration of $2,177 was paid in July 2026 (December 31, 2025 – nil). The change in fair value of the contingent consideration was recognized in transaction costs in the consolidated statement of net income and comprehensive income.

In connection with its acquisition of Hazeldean Gardens Retirement Residence on June 17, 2025, the Company has recognized a maximum potential contingent consideration of $5,000 (undiscounted) on the acquisition date, in respect to an earn-out liability payable subject to meeting specified operational performance threshold targets over a two-year period from the date of acquisition. As at September 30, 2026, the first-year performance targets were met and the fair value of the contingent consideration was measured at $4,238 and was paid during the quarter. The fair value of the contingent consideration, determined based on the expected probable outcome, approximates its carrying amount as at September 30, 2026 and December 31, 2025.

The above contingent consideration liabilities are presented under Note 10, Accounts payable and other liabilities.

Liquidity risk

Liquidity risk is the risk the Company may encounter difficulties in meeting its obligations associated with financial liabilities and commitments. The Company has credit agreements in place related to its long-term debt. These credit agreements contain a number of standard financial and other covenants. The Company was in compliance with all covenants on its borrowings as at September 30, 2026. A failure by the Company to comply with the obligations in these credit agreements could result in a default that, if not rectified or waived, could permit acceleration of the relevant indebtedness.

As at September 30, 2026, the Company had negative working capital (current assets less current liabilities) of $255,310 (December 31, 2025 - $173,561), which is primarily related to the timing of debt maturity and timing of settling accounts payable. To support the Company's working capital deficiency, the Company has available cash from operations, and access to multiple sources of financing including available credit facilities.

6 Construction funding receivable

As at September 30, 2026, the Company is eligible to receive funding from the Government of Ontario of approximately $102,705 (December 31, 2025 - $105,476) related to the costs of developing or redeveloping eligible LTC residences. The receipt of this funding is subject to the condition that the residences continue to operate as long-term care residences for the period for which the residences are entitled to the construction funding. The fair value of the construction funding receivable is determined by discounting the expected future cash flows of the receivable using the applicable Government of Ontario bond rates. As at September 30, 2026, the condition for the funding has been met.

As at September 30, 2026, the weighted average remaining term of the construction funding is approximately 23.6 years (December 31, 2025 - 24.1 years). The following table summarizes the construction funding activity:

As at January 1, 2026	105,476
Add: Interest income earned	3,307
Less: Construction funding payments received	(6,078)
As at September 30, 2026	**102,705**
Less: Current portion	(2,955)
Long-term receivable	**99,750**

Restructuring provision	**3,607**	20
Total	**187,780**	169,786

As at September 30, 2026, the Company recognized a restructuring provision of $3,607 in connection with the planned redevelopment of two LTC residences. The provision represents primarily the estimated costs associated with employee terminations resulting from the redevelopment. The Company is expected to commence redevelopment activities in 2027, with the related employee departures and associated cash outflows expected to occur during the same period.

11 Long-term debt

	Interest rate	Maturity date	September 30, 2026	December 31, 2025

13 Income taxes

Total income tax expense for the three and nine months ended September 30 can be reconciled to the condensed interim consolidated statements of net income and comprehensive income as follows:

	Three months ended September 30,		Nine months ended September 30,	
	2026	2025	**2026**	2025
Income before income taxes	**14,482**	14,558	**50,506**	44,057
Canadian combined income tax rate	**26.50 %**	26.59 %	**26.50 %**	26.59 %
Income tax expense	**3,838**	3,871	**13,384**	11,715
Adjustments to income tax provision:				
Change in provincial allocation	**—**	—	**(369)**	—
Non-deductible and non-taxable items	**212**	360	**(1,468)**	477
Book to filing adjustment	**—**	—	**(303)**	268
Other items	**(76)**	(42)	**6**	37
Provision for income taxes	**3,974**	4,189	**11,250**	12,497

The following are the deferred tax assets (liabilities) recognized by the Company and movements thereon during the nine months ended September 30, 2026:

	Depreciable tangible and intangible assets	Share issuance	Construction funding interest	Other	Total
As at January 1, 2025	(54,313)	1,893	469	5,428	(46,523)
(Expenses) recovery in net income	(12,408)	(1,099)	(369)	3,158	(10,718)
Book to filing adjustment	76	—	—	(243)	(167)
Recognized in equity	—	2,494	—	—	2,494
As at December 31, 2025	(66,645)	3,288	100	8,343	(54,914)
Change in provincial allocation	679	(4)	(11)	(295)	369
(Expenses) recovery in net income	456	(1,013)	(876)	(2,558)	(3,991)
Book to filing adjustment [1]	(2,628)	—	—	374	(2,254)
Recognized in equity	—	1,312	—	—	1,312
As at September 30, 2026	**(68,138)**	**3,583**	**(787)**	**5,864**	**(59,478)**

[1] The book to filing adjustment primarily reflects accelerated tax depreciation related to prior years mainly arising from tax legislation substantively enacted during the period and recognized in current tax expense, net of other tax depreciation adjustments.

Balance, September 30, 2026	**111,297,808**	**1,653,774**

Dividend reinvestment plan

On November 11, 2024, the Company reinstated its dividend reinvestment plan ("**DRIP**") for eligible holders of common shares, which allows participants to reinvest cash dividends paid in respect of their common shares in additional common shares at a 3% discount.

Net income per share

Net income per share is calculated using the weighted average number of common shares outstanding for the three and nine months ended September 30, 2026.

At-The-Market Equity Distribution Program

On May 6, 2025, Sienna established an ATM Program, which allowed the Company from time to time during favourable market conditions to issue up to $125 million of common shares to raise equity to fund its growth. As at December 31, 2025, 6,332,942 shares were issued at an average share price of $19.73 for aggregate gross proceeds of $124,960. Issuance costs of $2,217, net of taxes of $795, were recorded against shareholders' equity.

On February 19, 2026 and May 5, 2026, the Board of Directors approved renewals of the ATM Program, each authorizing the issuance of up to an additional $150 million of common shares. During the nine months ended September 30, 2026, the Company issued 11,271,796 common shares under the ATM Program at an average share price of $22.46 per share, for aggregate gross proceeds of approximately $253,114. Of these amounts, 220,097 common share were issued in Q3 2026 at an average share price of $22.35 for aggregate gross proceeds of approximately $4,920.

Share issuance costs of $3,032, net of related income tax recoveries of $1,312 (Note 13), were recorded as a reduction of shareholders' equity for the nine months ended September 30, 2026.

15 Dividends

For the three and nine months ended September 30, 2026, the Company paid monthly dividends of $0.078 per common share totaling $25,962 and $74,378, respectively (2025 - $21,682 and $63,314, respectively), which includes DRIP of $5,864 and $15,830, respectively (2025 - $4,747 and $13,120, respectively). Dividends payable of $8,681 are included in accounts payable and other liabilities as at September 30, 2026 (December 31, 2025 - $7,739). Subsequent to September 30, 2026, the Board of Directors declared dividends of $0.078 per common share for October 2026 totaling $8,690.

16 Share-based compensation

*Restricted share units plan (**"RSUP"**)*

Total expenses related to the RSUP for the three and nine months ended September 30, 2026 were $383 and $3,539, respectively (2025 - $1,105 and $4,806, respectively), including mark-to-market adjustments and net of forfeitures, which were recognized in administrative expenses. During the nine months ended September 30, 2026, 223,453 RSUs vested (2025 - 143,797) and were settled in cash, resulting in a decrease of $7,263 to the share-based compensation liability (2025 - $2,804). The total liability recorded as part of the share-based compensation liability as at September 30, 2026 was $7,773 (December 31, 2025 - $11,497).

A summary of the movement of the RSUs granted is as follows:

	Number of RSUs
Outstanding, January 1, 2025	592,892
Granted	203,946
Forfeited	(41,364)
Dividends reinvested & forfeiture	31,013
Settled in cash	(143,797)
Outstanding, December 31, 2025	642,690
Granted	164,160
Forfeited	(53,403)
Dividends reinvested & forfeiture	14,243
Settled in cash	(223,453)
Outstanding, September 30, 2026	**544,237**

*Deferred share units plan (**"DSUP"**)*

Total (recovery) expenses related to the DSUP for the three and nine months ended September 30, 2026 were $(189) and $515, respectively (2025 - $116 and $1,106, respectively), including mark-to-market adjustments, which were recognized in administrative expenses. During the nine months ended September 30, 2026, no DSUs vested and settled in cash (2025 - nil); accordingly, there was no reduction in the share-based compensation liability (2025 - nil). The total liability recorded related to the DSUP as a part of the share-based compensation liability as at September 30, 2026 was $4,801 (December 31, 2025 - $4,286). The value of each deferred share unit is measured at each reporting date and is equivalent to the fair value of a common share at the reporting date.

A summary of the movement of the DSUs granted is as follows:

	Number of DSUs
Outstanding, January 1, 2025	167,526
Granted	32,114
Dividends reinvested & forfeiture	10,135
Outstanding, December 31, 2025	209,775
Granted	21,466
Dividends reinvested & forfeiture	7,238
Outstanding, September 30, 2026	**238,479**

*Executive deferred share units plan (**"EDSUP"**)*

Total (recovery) expenses related to the EDSUP for the three and nine months ended September 30, 2026 were $(232) and $103, respectively (2025 - $17 and $766, respectively), including mark-to-market adjustments, which were recognized in administrative expenses. During the nine months ended September 30, 2026, no executive deferred share unit ("**EDSU**") vested (2025 - nil) and settled in cash, resulting in no reduction to share-based compensation liability (2025 - nil). The total liability recorded related to the EDSUP as a part of the share-based compensation liability as at September 30, 2026 was $3,190 (December 31, 2025 - $3,087). The value of each vested EDSU is measured at each reporting date and is equivalent to the fair value of a common share of the Company at the reporting date.

A summary of the movement of the EDSUs granted is as follows:

	Number of EDSUs
Outstanding, January 1, 2025	136,613
Granted	13,369
Forfeited	(6,145)
Dividends reinvested & forfeiture	5,338
Outstanding, December 31, 2025	149,175
Granted	6,214
Dividends reinvested & forfeiture	5,141
Outstanding, September 30, 2026	**160,530**

Total return swap contracts and mark-to-market adjustments on share-based compensation

Share-based compensation expense, under Notes 17 and 19, includes a fair value loss (gain) on Total Return Swap contracts for the three and nine months ended September 30, 2026 of $1,033 and $11, respectively (2025 - $202 and $(2,009), respectively) and mark-to-market (recovery) expense on share-based compensation liability for the three and nine months ended September 30, 2026 of $(1,040) and $1,442, respectively (2025 - market-to-market expenses of $312 and $3,880, respectively).

17 Key management compensation

The remuneration of key management is set out in aggregate for each of the categories below:

	Three months ended September 30,		Nine months ended September 30,	
	2026	2025	**2026**	2025
Salaries and short-term employee benefits	**1,761**	2,041	**5,068**	5,206
Share-based compensation expense	**924**	1,643	**3,478**	3,921
	2,685	3,684	**8,546**	9,127

18 Economic dependence

The Company holds licences related to each of its LTC residences and receives funding from the applicable health authorities related to those licences, which are included in revenues. Funding for incremental costs of specific initiatives is provided in addition to ongoing long-term care funding, all of which are subject to periodic reconciliations with the regulatory authorities. Funding for the incremental costs is required to be spent entirely on resident care, with any excess amounts not allocated to direct resident care or for a specified purpose is required to be returned to the regulatory authorities. During the three and nine months ended September 30, 2026, the Company received approximately $173,742 and $484,939, respectively (2025 - $161,552 and $449,575, respectively) in funding.

For the nine months ended September 30, 2026, approximately 79%, 64% and 72% (2025 - 80%, 69% and 67%) of revenue from the Company's Ontario, British Columbia and Alberta LTC residences, respectively, is received from the applicable health authorities. The rest of the LTC segment's revenue is received from resident co-payments.

[(1)] Other expenses primarily relate to professional fees, medical costs, information technology costs, insurance, and maintenance and equipment costs.

21 Segmented information

Segmented information is presented in respect of the Company's business segments. The business segments are based on the Company's management and internal reporting structure. The Company operates solely within Canada, hence no geographical segment disclosures are presented. Inter-segment pricing is determined on an arm's length basis. Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. The accounting policies of the business segments are the same as those for the Company and are presented on a proportionate share basis in the manner which our chief operating decision maker reviews the financial information. The "**Adjustments for Joint Ventures**" column shows the adjustments to account for Sienna-Sabra LP and Sienna-RSH Niagara Falls LP using the equity method, as applied in these condensed interim consolidated financial statements.

The Company is comprised of the following main business segments:

- Retirement - this segment consists of 48 retirement residences, of which 5 are located in Saskatchewan, 4 are located in British Columbia and 39 are located in Ontario, and the retirement residences management services business;
- LTC - this segment consists of 47 LTC residences, of which 35 in Ontario, 8 in British Columbia, 4 in Alberta, and the LTC management services business; and
- Corporate, Eliminations and Other - this segment represents the results of head office, intercompany eliminations and other items that are not allocated to the segments.

22 Joint arrangements

A joint arrangement can be a joint venture or a joint operation. In a joint venture, the parties that have joint control of the arrangement have the rights to the net assets of the arrangement. In a joint operation, the parties that have joint control of the arrangement have the rights to the assets, and obligations for the liabilities, relating to the arrangement. The following are the Company's joint arrangements as at September 30, 2026:

Joint Arrangements	Number of properties	Sienna ownership	Joint arrangement type	Accounting treatment	Investment in joint venture balance as at September 30, 2026	Share of net income (loss) from joint venture for the period ended September 30, 2026
Sienna-RSH Niagara Falls LP	1	70%	Joint venture	Equity	4,397	(52)

Other	N/A	50%	Joint venture	Equity	233	(2)
Total					**123,301**	**6,231**

Joint ventures

Sienna-RSH Niagara Falls LP

On February 7, 2020, the Company formed a joint venture with a third party for the purpose of developing a retirement residence in Niagara Falls, Ontario, which began operating in Q1 2024. The Company owns a 70% interest in this joint venture. The Company has accounted for this joint venture using the equity method of accounting, since this joint arrangement is structured through a separate legal vehicle, and the Company has rights to the net assets of the arrangement.

The following tables outline the Company's investment in this joint venture, and the Company's share of the joint venture's net loss.

Investment in joint venture as at January 1, 2026	4,449

Sienna's share of net income in joint venture (50%)	**2,171**	1,849	**6,285**	800

Related party transactions occur between Sienna and its joint ventures. These related party transactions are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to between the related parties. Except as disclosed elsewhere in these condensed interim consolidated financial statements, the related party balances are included in accounts receivable and payable, and in management fee revenue, as applicable. As of September 30, 2026 - $397 (December 31, 2025 - $375) of the Company's accounts receivable related to its investments in joint ventures. For the three and nine months ended September 30, 2026 - $709 and $1,938, respectively (2025 - $388 and $1,059, respectively) of the Company's management fees related to its investment in joint ventures.

Joint Operations

Sienna Baltic Development LP

On January 31, 2026, the Company acquired all remaining interests in Glenmore Lodge in Kelowna, British Columbia, increasing from 77.2% to 100% and obtained control. This resulted in Glenmore Lodge no longer being a joint operation (refer to Note 4).

As at January 31, 2026, the Company's share of net assets of Glenmore Lodge was $6,501 (December 31, 2025 - $6,503). For the month ended January 31, 2026, the Company's share of net income in Glenmore Lodge was $73 (for the three months and nine months ended September 30, 2025 - $189 and $397, respectively).

Sienna LaSalle LP

On December 18, 2025, the Company completed its acquisition of a 78.2% interest in LaSalle Park in Burlington, Ontario. Pursuant to the purchase agreement, the Company acquired an additional 10.9% interest on February 1, 2026 (Note 4) for a purchase price of $9.3 million, and has also committed to acquire the remaining 10.9% interest in LaSalle Park within 5 years of the initial closing date.

The Company's joint arrangement in LaSalle Park is accounted for as a joint operation, since the parties that have joint control of the arrangements have rights to the assets and obligations for the liabilities of LaSalle Park.

The following tables outline the net assets and net income for LaSalle Park. The Company's 89.1% share of LaSalle Park has been recognized in the condensed interim consolidated financial statements.

Statements of Financial Position of Joint Operation	**September 30, 2026**	December 31, 2025
Current assets	**1,410**	105
Long-term assets	**83,290**	85,600

Net finance charges	371	1,115
Transaction costs	266	266
Net income	75	327
Sienna's share of net income	67	293

[1] Includes results of LaSalle Park for one month ended January 31, 2026 at a 78.2% interest and for eight months ended September 30, 2026 at an 89.1% interest.

23 Commitments and contingencies

Contractual commitments

On October 2, 2026, the Company extended its existing Markham corporate office lease by two years to October 31, 2032, and agreed to lease an additional 6,781 square feet for five years, starting on February 1, 2027.

The Company also has various leases for office and other equipment that expire over the next three years.

Acquisition of Remaining 10.9% Interest in LaSalle Park Retirement Residence

The Company has committed to acquire the remaining 10.9% interest within five years following the initial closing in December 2025. The purchase price for the remaining interest will be equal to the fair market value of the underlying purchased assets at the time of the transaction, as determined in accordance with a valuation process to be agreed by the parties.

Acquisition of Ballycliffe Long-Term Care Community ("Ballycliffe")

On May 1, 2026, the Company entered into a purchase agreement to acquire Ballycliffe, a 224-bed newly built long-term care community in Ajax, Ontario, for a gross purchase price of $68.3 million, subject to certain customary adjustments. The acquisition will be financed through available cash on hand, and is subject to transaction approvals and customary closing conditions, and is expected to close in Q4 2026 or early Q1 2027.

Letters of Credit

As at September 30, 2026, the Company was contingently liable for letters of credit in the amount of $1,109 (December 31, 2025 - $1,109), including its proportionate share of $420 (December 31, 2025 - $420) issued jointly with its Equity-Accounted Joint Ventures.

Legal Proceedings

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance other than the deductible amounts of the claims. Management believes the final outcome of such matters will not have a material adverse impact on the business, operating results and financial condition of the Company. However, actual outcomes may differ from management's expectations.

On January 21, 2022, the Superior Court of Justice (the "**Court**") made an order consolidating six proposed class actions in the form ordered by the Court. The aggregate amount of damages claimed in the consolidated claim against the Company is $260,000.

On March 7, 2024, the Court issued its decision certifying the consolidated claim against the Company on the terms set out in the decision, namely only in respect of the Ontario long term care homes owned by the Company and with a gross negligence cause of action.

The Company intends to continue to vigorously defend itself against the consolidated claim.

Given the status of the proceedings, management is unable to assess the potential impact of the consolidated claim on the Company's financial results, and accordingly no provision has been recorded in the condensed interim consolidated financial statements as at September 30, 2026 and the consolidated financial statements as at December 31, 2025.

On November 20, 2020, the Government of Ontario enacted the Supporting Ontario's Recovery Act (the "**Recovery Act**"). The Recovery Act provides civil liability protection to organizations that made a good faith effort to follow public health guidance and COVID-19 related laws, and did not act with gross negligence. The Recovery Act also deems existing civil proceedings related to COVID-19 exposure to be dismissed without costs and will bar future proceedings from being brought, as long as the defendant acted in good faith and not with gross negligence.

Pay Equity Claim Proceedings

The Company along with a number of other industry participants and the Ontario Government are currently engaged in various proceedings with several unions regarding pay equity maintenance for employees at long-term care facilities, for which wages and benefits are typically funded by the Ministry of Long-Term Care. In a Q1 2026 proceeding, the Pay Equity Tribunal held that an organization must utilize the same pay equity process it originally used when determining whether any pay equity gaps have re-emerged, unless and until changed circumstances have occurred such that another process of comparison can be utilized. This is a positive outcome for employer participants as it enables the consideration of alternate pay equity comparison methods other than the proxy method. The Company and the other participants in the long-term care sector are working with the unions and government to assess the impact of the ruling and establish a framework for pay equity suitable for the sector.

Given the current status of the various proceedings and significant number of judgements required in establishing the pay equity framework that will impact the measurement of any potential provision, including ongoing discussions with the unions amongst the parties, management has assessed the conditions required for a provision and have concluded that it is not possible to reliably measure the potential outflow of resources, and accordingly no provision has been recorded in the condensed interim consolidated financial statements as at September 30, 2026 and the consolidated financial statements as at December 31, 2025.

24 Subsequent Events

*Acquisition of Brighton Retirement & Active Living ("**Brighton**")*

On October 8, 2026, the Company entered into a purchase agreement to acquire Brighton, a 165-suite newly built retirement community in Brighton, Ontario, for a gross purchase price of $73.8 million. The acquisition will be financed through available cash on hand and existing credit facilities. The transaction is subject to required approvals and customary closing conditions and is expected to close in Q4 2026.

*Acquisition of Stonemont On the Park ("**Stonemont**")*

On October 29, 2026, the Company completed its acquisition of Stonemont, a 305-suite retirement residence in Ottawa, Ontario, for a gross purchase price of $170.7 million, subject to customary closing adjustments. The acquisition was financed through available cash on hand and existing credit facilities.

Given the timing of the transaction, the Company is in the process of finalizing the purchase price allocation and expects to disclose it in the Company's 2026 annual consolidated financial statements.

Renewal of ATM Program

On November 12, 2026, the Board of Directors approved the renewal of the ATM Program, which allows the Company to issue up to $150 million of common shares at its discretion to fund the Company’s growth initiatives. Concurrently, the ATM Program approved in May 2026 was terminated.
